

REPUBLIC OF KENYA

COUNTY GOVERNMENT OF KERICHO

DRAFT ANNUAL DEVELOPMENT PLAN FOR FINANCIAL YEAR

2024-2025

AUGUST, 2023

Foreword

In adherence to the County Government Act, 2012 and the Public Management Act (PFMA), 2012, which mandate the Pivotal role of developments plans in the allocation of public funds, the Department of Finance and Economic Planning with the responsibility of coordinating the development plans lead other departments in preparation of Annual Development plan 2024-2025.

The Annual Development plan serves as the crucial bridge between priorities outlined in CIDP and the allocation of resources within the County Annual budget. This alignment is designed to foster the judicious allocation of resources, in harmony with the PFMA. Additionally, it ensures that the allocation of county resources adheres closely to the established planning framework. The plan also serves as a valuable tool for monitoring and evaluating county programs and projects.

The annual development plan 2024-2025 outlines policies, projects and programmes that will be implemented in the financial year 2024-2025 and forms the basis of preparing the budget for the same financial year 2024-2025.

The plan is divided into four chapters: chapter one has a brief introduction of the county in terms of Location, Size, Physiographic and Natural Conditions, Administrative and Political units and Demographic Features; The county covers a total area of 2,479 sq. km with a population of 901,777 as per 2019 National Population and Housing Census. Chapter two provides the County development analysis. The plan reviews the previous year's performance, the major development challenges and cross-cutting issues that affect the development of the county. Chapter three presents' details of projects and programmes derived from Kericho County Integrated Development Plan (2022-2027) and validated by the public through public participation forums held at Sub- County LevelChapter Four presents the monitoring and evaluation framework that will be used at the county level to track progress on implementation of projects and programmes.

I extend my heartfelt appreciation to all those who contributed to the preparation of this plan lead by directorate of Economic planning who provided their invaluable insights. Special recognition goes to H.E the Govenor , Dr, Erick Mutai, whose exemplary leadership and guidance is instrumental in shaping the preparation and implementation of the plan.

As we embark on implementation of the plan, let us remain steadfast in our commitment to realizing the aspiration of our Vision and Mission.

Hon. Leonard Kipkoech Ngetich

CECM, Finance and Economic Planning and Head of County Treasury

Acknowledgements

We wish to thank most sincerely the H.E the Governor, Dr. Erick Mutai under whose leadership the plan was successfully coordinated and prepared on time. Special appreciation also goes to the Deputy Governor, CECM in charge of Finance and Economic Planning, Hon Leonard Ngetich County Assembly, Members of the County Executive Committee, Chief officers and Budget and Economic Forum for providing the overall guidance and direction during the process of preparation, validation and approval of the plan.

The preparation of the annual development plan 2024-2025 was through collaboration and commitment of a pool of various technical officers and stakeholders from Finance and Economic planning and departments. The officers gave their best in identification, drafting and consolidation of the proposals and more so engaging key stakeholders and citizens through public participation. Your technical expertise and tireless efforts towards the development of this document are clear demonstration of collective unwavering effort to achieving our development goals. The department would like to assure all that the necessary mechanisms will be put in place to ensure that the plan is fully implemented as well as ensure we are accountable for all the results thereafter.

We wish to thank you again. God Bless Kericho County, God Bless Kenya.

Mr. Alfonse Kipkirui

Chief Officer, Economic Planning

CHAPTER ONE

GENERAL INFORMATION COUNTY PROFILE

1.0 INTRODUCTION

1.1 Background

Kericho County is cosmopolitan and largely inhabited by Kipsigis sub-tribe of the Kalenjin tribal group. Other notable tribes include Kikuyus, Luos, Somalis, Indians, Luhyas and Kisiis who have enjoyed close relationship with the Kalenjins. Culturally, the Kipsigis people believed in a god called Asis; the Supreme being that created the sky and the earth. Most of the residents of Kericho County are Christians, although there is a significant population of Muslims and Hindus and has its headquarters at Kericho town and endowed with fertile soils and receives adequate rainfall throughout the year hence making it conducive for agricultural activities. The county produces both cash and food crops. Kericho county economy is driven mainly by agriculture with tea being the main cash and Coffee and sugarcane. Other crops include potatoes, maize, beans, pineapples, horticulture (tomatoes, vegetables). Tea is grown in the upper part of the county with Ainamoi, Bureti and Belgut being the main areas while coffee is grown in the lower belt of Kipkelion, Ainamoi, Soin and Roret.

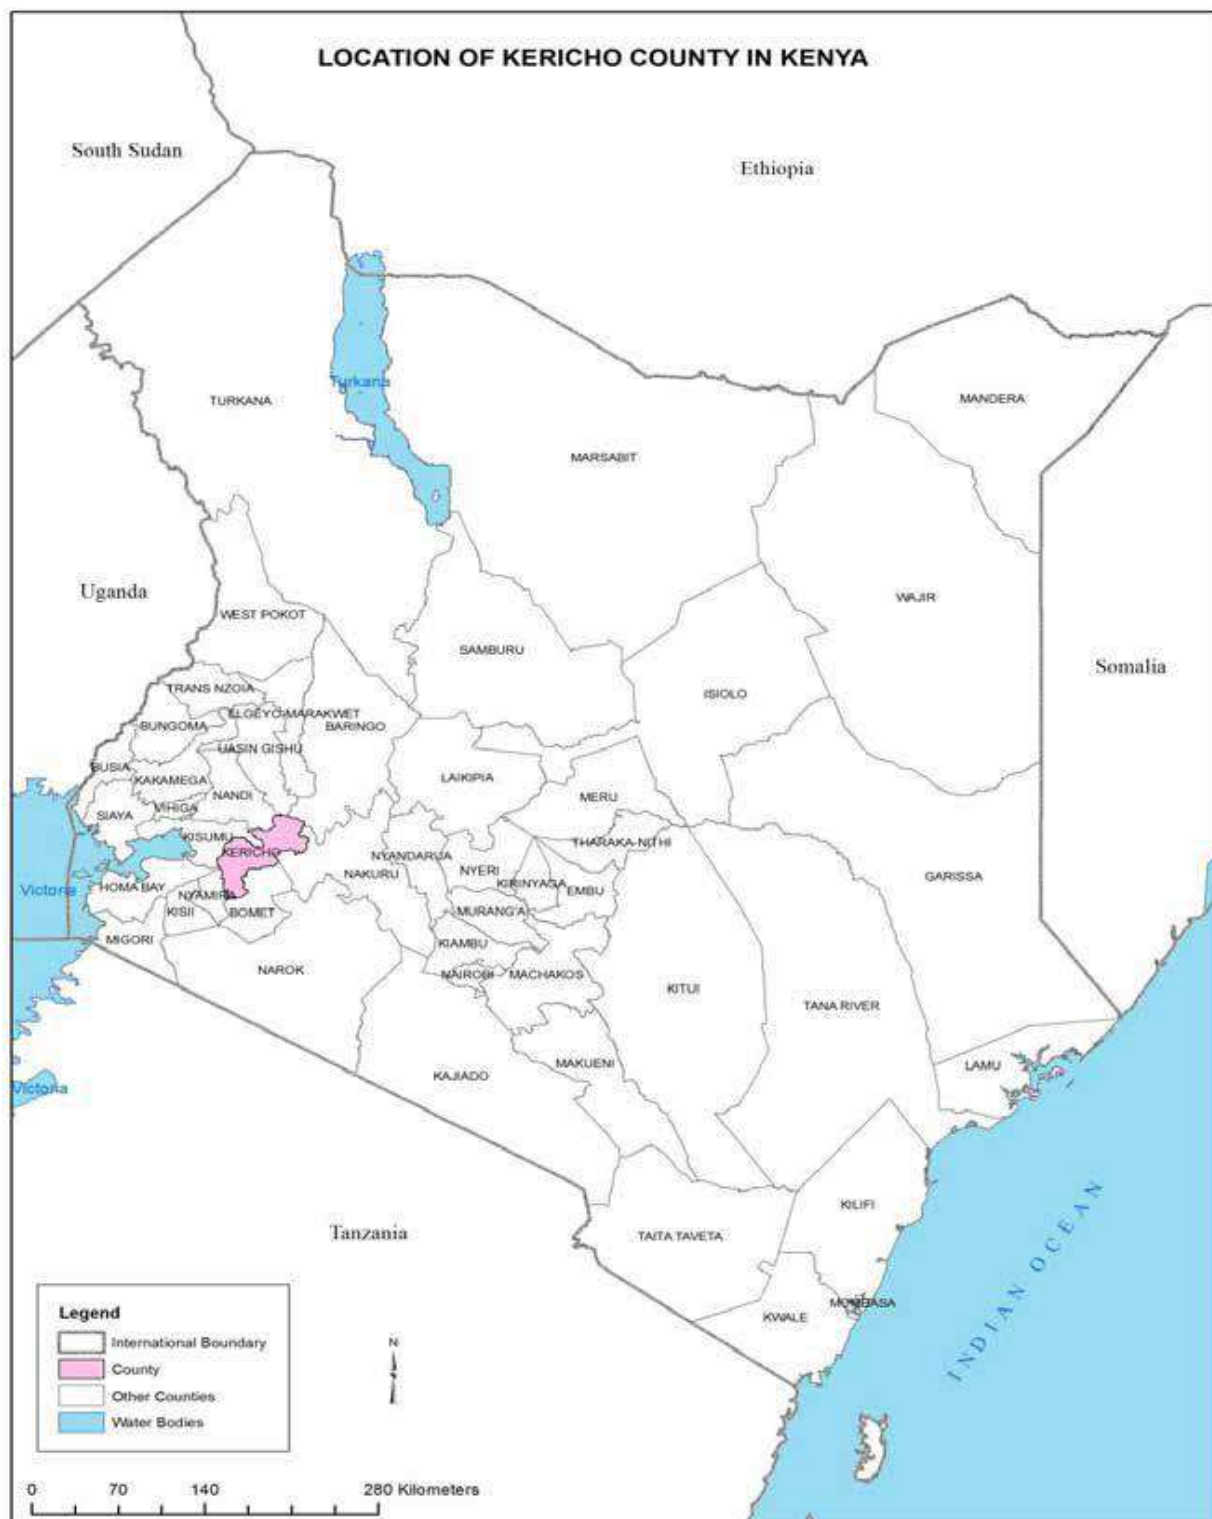

Kericho County Gross Domestic Product is estimated to be 170 million in 2022. Poverty is still a challenge in hindering the county from achieving its development objectives. Data shows that poverty rate was 30.3% in 2016. Agriculture, Transport and trade are key sectors contributing towards the total Gross County product (GCP). The county is mainly financed through Equitable Share and donor funds with an average of 1.7% share of equitable transfers.

The county is experiencing a rapid industrialization especially around Soin areas where a number of factories are coming up while others are operational. There is a cement factory (Rai) and Steel factory (Prime steel) both operational and there is a sugar factory coming up, all these located in Soin /Sigowet sub county. The county is a member of Lake Region Economic Bloc (LREB) composed of 14 counties around Lake Victoria and its environs with an objective of leveraging economies of scale in the region promoting cross county trade.

1.2 Position and Size

Kericho County is one of the 47 counties in the Republic of Kenya. It's located in the South Rift of the Great Rift Valley, about 256kms from Nairobi, the capital city of Kenya. Kericho County lies between longitudes 35° 02' and 35° 40' and between the Equator and latitude 0023'south with an altitude of about 2002m above the sea level. The county is bordered by the Uasin Gishu County to the North, Baringo County to the North East, Nandi County to the North West, Nakuru County to the North East and Bomet County to the South. It is bordered to the West by Nyamira and Homa Bay Counties and to the West by Kisumu County. The county occupies a total area of 2,436 Km² and is divided into 6 sub-counties, 30 wards, 85 locations and 209 sub locations. The county is well positioned to benefit from various markets provided by the neighboring counties as it has robust national and county roads connecting to the rest of the counties.

Figure 1: Location of the County in Kenya

Source: 2009 Population Census

This map is not an authority on delineation of boundaries.

1.3 Physiographic and Natural Conditions

1.3.1 Physical and Topographic Features

The county is characterized by undulating topography. The overall slope of the land is towards the West; consequently, drainage is in that direction. The county forms a hilly shelf between the Mau Escarpment and the lowlands of Kisumu County. To the North West are the hilly areas of Kipkelion rolling towards Koru. The Kericho Plateau forms the central part of the county sloping gently from 2,500m to about 1,800m above the sea level.

The county is surrounded by Tinderet Hills to the North and to the North-East is the Mau Escarpment and between them is the gently rolling land which forms Londiani Hills (Tuluap-sigis). The central part of the county rises eastwards towards 3000m above sea level. The county is well drained with a good number of rivers that include Chemosit, Kiptaret, Kipsonoi, Timbili, Maramara, Itare, Nyando, Kipchorian and Malaget. Some of the rivers are characterized by rapids and falls which could be harnessed for hydro-electric power generation. Some of the rivers with the waterfalls include Maramara, Itare and Kiptaret.

1.3.2 Climatic Conditions

The county enjoys favorable climate and receives relief rainfall, with moderate temperatures of 17°C and low evaporation rates. Temperatures range between 10°C - 29°C. The rainfall pattern is such that the central part of the county, where tea is grown, receives the highest rainfall of about 2,125mm p.a while the lower parts of Soin and parts of Kipkelion receive the least amount of rainfall of 1,400 mm p.a. and experiences two rainy seasons: the long rainy season between April and June and the short rainy season between October and December. The dry season starts in January and progresses through March although weather shocks have changed the patterns. The variations in the temperatures and rainfall are mainly determined by the altitude of the place.

1.3.3 Ecological Conditions

Kericho County lies in the Lake Victoria Basin. Its geology is characterized by volcanic rocks as well as igneous and metamorphic complexes. The county is predominantly underlain by tertiary lavas (phonolites) and intermediate igneous rocks. A small part of the county is dominated by undifferentiated basement system rock (granites), volcanic ash admixture and other prolific rocks. The hilly nature in some parts of the county encourages soil erosion. This problem is however minimized by the presence of a dense vegetation cover, except in a few areas like Sigowet in Soin-Sigowet sub-county, Chilchila in Kipkelion west and partly the lower zones covering Koitaburot in Ainamoi sub-county.

1.4 Demographic Features

1.4.1 Population Size, Composition and Distribution

According to the 2019 Kenya Population and Housing Census Report by KNBS, the County's population was **901,777** persons comprising of **450,071** males and **451,008** females and 28 intersex, representing 49.91% male and 50.01% female. This was an increment of 143,438 from 2009 National Population and Housing Census representing 16.46%. Bureti Sub-County had the highest population of 199,470 persons while Kipkelion West Sub-County had the lowest population at 122,380 persons with a population growth rate of **1.6** percent, which is below the national rate of 2.2 percent, the County's population is projected to be 949,953 in 2022 then grow to 1,000,704 in 2025

and 1036,035 in 2027 as shown in table 4. The growing population exerts pressure on the limited county's scarce resources hence need for proper planning and prioritization of resource across all cohorts of population in providing efficient service delivery.

County Population Age Structure

Source: KNBS

The 10-14 age cohort constitute the highest category with a total projected population of 127,017 as at 2019 Census and is projected to 133,803 in 2022,140,951 in 2025 and 145,928 at the end plan period representing 14 per cent of the total population . The highest growing Population for Kericho County is from Cohort 0-4 to 35-39 with a total of 735,967 persons representing 81% of entire population.

The working population from 15- 64 population is 513,854 persons representing 57% of the population. The County has a dependent population of below 15 years of 354,800 persons and above 65 years of 33,095 persons representing 39.34 % and 3.6% respectively. The county's dependency rate stands at 75.48% as at 2019 Census but expected to reduce to 58.71% and 56.17% in 2025 and 2027 respectively This population is less productive and requires social protection programmes to support and caution working population from high pressure of growing and the aging population.

This means both level of Government's should allocate resources toward infants, school going population and aging group programmes to support the working population in thriving the economy of the County.

The County also has an advantage to tap on 57% working population creativity and innovation skills as these are the largest percentage of population that is productive and vibrant. The population tends to decrease gradually from cohort of 55-54 to 100+.

Measures also should be put in place to caution high birth rates within the County which stands at XXXX against the National level Rate at XXXXX. This poses alarming danger to ever

constant landmass and shrinking productivity of land due to sub- divisions and infertile land resulting from continuous cultivation and climate change.

According to the 2019 KPHC, the county's life expectancy stands at 63.4 for male and 66.1 years for female.

Source: KNBS

From table 6 above, Kericho has seven urban centers as classified in Cities and Urban Act. Kericho town has the largest population of 53,804 people as per 2019 KNBS Census and is projected to have 61,810 persons by the year 2027 while kapkatet town has the least population of 1,310 persons but expected to grow its population to 2,854 at the end of plan period.

Migration to urban centers is one of the causes of increased population in urban centers in search of employment opportunities, better education services and in search of business favorable environment of customer base within urban centers among others social amenities available in urban centers.

In order to address ever growing needs of urban population, the County Government of

Kericho in collaboration with other stakeholders strategies to invest in improving urban social amenities and other services such as ; expanding water and sewerage facilities(Kimugu water supply), improving health services , adopting modern Solid waste management strategies, building more housing units in collaborations with Housing National programme to host anticipated increase in population and in creation of job opportunities in urban region, expand the existing markets to accommodate growing traders within municipalities compacting the effects of climate change, enhancing security systems to allow 24hour economies, improving and expanding drainage structures and road networks and sorting out cheaper alternative sources of power among other interventions . These interventions will promote a 24 hour economy, attract investors and contribute in attaining the goals of SDGs.

1.4.2 Population Density and Distribution

Table 7: Population distribution and density by Sub-County

Sub-County	2019 (Census)			2025 (Projection)		2027 (Projection)		Population	Density
	Area (KM ²)	Population	Density	Population	Density	Population	Density		
Belgut	264	145,072	549	152,822	578	160,987	609	166,671	631
Bureti	321	199,470	622	210,127	655	221,352	690	229,167	715
Ainamoi	241	170,625	709	179,740	747	189,343	787	196,028	815
Kipkeli on East	400	137,580	344	144,930	362	152,673	382	158,063	395
Kipkeli on West	350	122,530	350	129,076	369	135,972	388	140,772	402

Mau forest	201	-	-	-	-	-	-	-	-
Tindiret Forest	194	-	-	-	-	-	-	-	-
Total	2,437	901,777	370	949,954	390	1,000,704	411	1,036,035	425

Source: KNBS 2022

As at 2019, Bureti is the most populous Sub- County with a population of 199,470 persons with landmass of 321km square equating to population density of 622 persons per km square this is closely followed by Ainamoi sub- County which host the County headquarters and Kericho Municipal with fast growing urban population with population of 170,625 persons with a land mass of 241Km square resulting to density of 709 persons per square Km making it the most densely Sub-County. On the other hand Soin/Sigowet Sub- County is the largest Sub-county with land Mass of 466 Km Square and a population of 126,500 persons and a density of 271 persons per Square Km hence less densely populated Sub- County attracting comparative advantage of the Sub- County being an industrial area for the County due to available of land for expansion to industries and Agricultural hubs. Measures should be put in place to control the alarming Population in Ainamoi Sub- County caused by massive Urban Migration to Kericho town and its environs as this will soon strain the social amenities in the town. The menace should be capped by equal developmental growth of other growing municipalities and town by providing equal social amenities like water, conducive business environment, security, medical facilities and improved network, drainage structures, sewerage facilities, last mile connectivity of electricity and establishing Sub- Counties Headquarters that facilitate and bring Government Services closer to the people. The County also enjoys forest coverage of 395Km Square comprising of Mau and Tinderet forest, the two forests are the main County sources of county water feeding Kericho County Kimugul water Supply, proposed Kipkobob water supply and Kimologit water project. Robust measures should be put in place to protect and conserve the two forests for sustainable rainfall patterns and water supply within the county.

CHAPTER TWO

2.0 Introduction

This chapter provides the County development analysis. It also analyses the major development challenges and cross-cutting issues that affect the development of the county/department.

2.1.0 SITUATIONAL ANALYSIS

2.2.0 CROSS CUTTING ISSUES (Please include Gender issues, HIV and AIDS; Environmental Degradation; Climate Change; Disaster Risk Reduction (DRR); Hazards; Disasters including fire outbreak, landslides, lightning, de-forestation etc and any other emerging issues relevant to each department)

2.2.0 CROSS CUTTING ISSUES

Climate Change: There is evidence of climate variability impacts in the County with greenhouse gas emission being the biggest contributor. Increased incidences of heavy rains delay development projects in the County. These also cause landslides making other areas uninhabitable. Additionally, increase in numbers of Tea and coffee factories result in environmental degradation. The county, in its development control processes has ensured that no approval is undertaken within riparian reserves. It has equally developed a policy for the planting of eucalyptus trees.

Disaster Risk Reduction: The department has undertaken disaster risk reduction measures such as ensuring the construction of a fire station and purchase of a fire truck. On development, the department has ensured that all buildings comply with disaster risks. Provision of service lanes in all commercial areas, survey of roads to ensure that the recommended widths are maintained and maintaining of building lines are all measures that have been put in place to mitigate against disaster.

Deforestation: The department has ensured that any development undertaken do not largely affect the forest cover in their areas. Any areas reserved for forests are regarded as ecologically sensitive and no approvals are granted in such areas.

Climate Change:

Climate change has resulted in reduction of productive farmland due to Soil erosion, land degradation and increased use of agro chemicals.

This has caused loss of Livelihoods, loss of biodiversity, increased incidences of Crops and livestock pests and diseases and increased soil acidity. To address this challenge the department in collaboration with partners is focusing on Development of insurance schemes, diversification of livelihoods and promotion of climate smart Agriculture technologies.

Gender Issues:

The department strives to sensitize farmers on aspects of gender concerns and guidelines provided for in policies developed by the Government and various organizations as cited below; Vision 2030 under the social pillar aims to ensure equity in power and resource distribution between the sexes, improved livelihoods for all vulnerable groups, and responsible, globally competitive, and prosperous youth

FAO on gender mainstreaming envisage that both the concerns and experiences of women and men takes integral dimension in all agriculture and rural development efforts.

IFAD on Gender equity also recommends fairness in treatment of women and men, according to their respective needs by ensuring;

- Equal participation of women and men in decision making,
- Equal ability to exercise their human rights (Bill of rights)
- Equal access to and control of resources and the benefits of development, and
- Equal opportunities in employment and in all other aspects of their livelihoods (FAO 2013).

HEALTH

The department has a Gender Based Violence Unit based at the County Referral Hospital headed by a County GBV Focal Person. Every sub County also has a GBV focal person.

The department coordinates the County HIV/AIDs Control Committee chaired by the County Director of Health. HIV/AIDs control activities are coordinated by the County HIV/AIDs Control Coordinator with the help of Sub County HIV/AIDs Control Coordinators.

ICT

The County Government still lack seamless operation by use of ICT space to leverage on technology as an enabler.

On universal access to healthcare agenda, ICT still needed to be used for speedy identification of people at the health facility, enhanced records management, tracking of medical delivery among others.

Leveraging on block chain in the digitization of lands records ICT is still lacking to create efficiency and speed in the processing of land records for Kericho Citizens to be assured of the transparency by the government providing a trusted platform such as the County Data Centre for verification of ownership.

2.3.0 SUSTAINABLE DEVELOPMENT GOALS (SDGS)

Provide information on how your department is responding and implementing the SDGs.

GOAL	TARGET	INDICATOR	COUNTY STATUS IN IMPLEMENTATION	BEST PRACTICES	CHALLENGES AND RECOMMENDATIONS	RESPONSIBLE DEPARTMENT
Goal 9. Build resilient infrastructure, promote inclusive and sustainable industrialization and foster innovation	Develop quality, reliable, sustainable and resilient infrastructure, including regional and trans - border infrastructure, to support economic development and human well-being, with a focus on affordable and equitable access for all	<i>Share of the rural population who live within 2 km of an allseason road</i> <i>Passenger and freight volumes, by mode of</i>	9.1.1.1 For F/Y 2022/23, a total of 470.5 Kms of road works were constructed to gravel standards costing Ksh. 570,388,528.59 Across the county, the department have been able to construct drainage structures totaling to 30 in number amounting to Ksh. 51,074,231.11 Tarmack and constructed drainage structures in two market centres		-Road encroachment -Insufficient funds -Inadequate technical staff -High expectations from the citizens	

CHAPTER THREE

COUNTY STRATEGIC PRIORITIES, PROGRAMMES AND PROJECTS

3.0 INTRODUCTION

This chapter presents departments/sector and sub sector strategic priorities, programmes and projects planned to be implemented in Financial Year 2024-2025. The Programmes and projects are derived from CIDP 2023-2027, Bottom Economic Transformation Agenda(BETA), Vision 2030 and other international aspirations

3.0 COUNTY ASSEMBLY

ii} PROJECTS FY 2024/2025

S/No	Project Name	Project Location (ward)	Objectives	Description of Activities	Estimated cost of project	STATUS
1.	Contructions of county assembly chambers and offices	Kapkugerwet	To provide conducive environment for county legislative arm to offer services effectively to citizens	Constructions of chambers and offices for both staff and members a	120,000,000	Started in FY 23/24
2.	Completion of speaker's residence	Kipchichim	To provide a conducive and accessible environment for the speaker to offer services	Construction of parimeter wall, landscaping and access road	25,000,000	Ongoing

3.1 FINANCE AND ECONOMIC PLANNING

3.1.1 Introduction

The department is responsible for managing county finances and developing county economic planning policies. Supporting efficient and sustainable public financial management is fundamental to the promotion of economic development, good governance, social progress and raising the standard of living for all county citizens. It also ensures that there is transparency,

accountability and sound financial controls in the management of public finances as envisaged in Constitution of Kenya 2010.

The department also promotes government's fiscal policy framework by ensuring that there is a balance budget and adhering to fiscal responsibility principle; to coordinate macroeconomic policy and intergovernmental financial relations; to manage the budget preparation process and to monitor the implementation of approved budgets.

In accordance to Section 103(1) of PFM Act 2012, the County Treasury shall comprise of:

- The County Executive Committee member responsible for Finance and Economic planning , as the head of County Treasury;
- The Chief Officer for Finance
- The Chief officer Economic Planning

3.1.2 VISION , MISSION, CORE VALUES AND TAGLINE

Vision

"To be the epitome in planning and financial management in Kericho County".

Mission

"To coordinate formulation of economic planning, fiscal and monetary policies for accelerated and sustained economic growth".

CORE VALUES

In pursuit of the mission and the vision, and to perform its core functions, the department will uphold the following core values which will define the culture of the organization:

- a) Financial prudence:** The department will conduct its operations and provide services to public and all stakeholders in a transparent and accountable manner.
- b) Equity and Equality.** The department will promote fairness and equal distribution of resources and services.
- c) Participatory Approach and Inclusiveness:** The department is committed to consultations, joint and comprehensive partnership in all its affairs.

TAG LINE

"Planning for prosperity"

3.1.3 Department Programmes and projects

The department programmes and projects are not infrastructural in nature but programmes to facilitate operations in other departments. The programmes envisage to be roll-out in FY 2024-2025 include the following:

i) Department Programmes

S/N O	PROGRAMM E NAME	OBJECTIVE	OUTCOME	INDICATO R	BASELINE 2023/202 4	TARGET 2024/202 5
1.	Own source Revenue Enhancement	To enhanced county basket of	Improved service delivery	% Of Revenue raised	495,629,926	
2.	Resource mobilisation	To attract and bring more partners on board	Improved partnerships	No. of new partners brought on board	3	10
3.	Monitoring and evaluation	To improve the quality of projects and programmes implementation	Improved implementation rate	No. of monitoring reports and projects visited	2	4
4.	Development of plans and policies	To help in providing policy directions in implementing County Programmes	Improved service delivery	% of policies approved	50	100
5.	County Projection documents	To help in providing policy directions in implementing County Programmes i.e Cost Per Unit of Commodities and County Gross Production Unit	Improve service delivery and county future investment plans	No.Of Projection documents produced	0	2

EQUILIZER DEVELOPMENT PROGRAMS

No .	Project Name	Project Location	Project cost Kshs	Objectives	Description of Activities	Start date	Description of Activities done and %age	End date	Amount paid(Kshs)	Implementing department
1	Maize Processing plant	Kedowa	13,044,432.87	Support 125,000 Kericho county small scale maize farmers aggregate and establish maize processing plant	Construction and completion, equipping, fencing	1/8/23	Site handing was done	31/7/24	New	Agriculture
2.	Proposed construction of a chronic disease centre, oncology unit, wards and theatres in KCRH	Kipchebor	450,000,000	To handle oncology screening, treatment and palliative care cases	Construction, equipping, staffing and operationalisation of the chronic disease centre	new	new	new	new	Health Services

3.	County Aggregation and Industrial Park (CAIP)	Soin-Sigowet, Soliat Ward	119,531,477	To facilitate value addition of local produce and safeguard against post-harvest losses	Construction of industrial parks and aggregations centres	New	New	New	New	TITI
----	---	---------------------------	-------------	---	---	-----	-----	-----	-----	------

FINANCE AND ECONOMIC PLANNING

ii} Specific Projects for FY 2024/2025

S/No	Project Name	Project Location (ward)	Objectives	Description of Activities	Estimated cost of project
3.	Development of revenue Operational Manual	County wide	To outline standard operating manual in revenue management, mitigate risk involved in revenue collection and management Effective risk	Identify all stakeholders in revenue , sensitize and collect their views, develop manual, validate, approve and disseminate	10,000,000
4.	Performance review of development	County wide	To establish extent of implementation of programmes and	Formation of committee to Conduct desk reviews, field visits, report writing and	12,000,000

	plans		projects	validation	
5.	County Monitoring and Evaluation programmes	County Wide	To provide clear oversight structures for project implementation -	Formation and Operationalize County monitoring and Evaluation Committee's, E- CIMES Training to Accounting Officers, refresher courses for Department M&E Champions, establishment and equipping of Monitoring Office in departments and purchase of Monitoring utility vehicles	10,000,000
6.	Strategic plan /sector plans	All departments	To provide clear direction for programmes implementation	Formation of taskforce committee, drafting, validation, approval and implementation of the plan.	15,000,000
7.	Performance Contract and appraisal preparation	All directorates	To provide a platform for setting targets and tracking level of achievements in service delivery	Formation of taskforce committee, drafting, validation, approval and implementation of the plan.	7,000,000
8.	Resource mobilisation training		To capacity build staff with skills in proposal and concept note writing for bankable projects	Capacity building and refresher courses in ppp and	15,000,000
9.	County Projection Documents		To help in providing policy directions in implementing County Programmes	Formation of taskforce committeePreparation of questionares,Data collection, Document reveiew,validation	15,000,000

			i.e Cost Per Unit of Commodities and County Gross Production Unit/GDP	and printing

3.2. Agriculture Livestock and Fisheries and Co-operative Management:

3.2.1 Introduction

Department of Agriculture, Livestock, Fisheries and Co-operatives management comprises of five directorates namely: Agriculture, Livestock Production, Veterinary Services, Fisheries and Co-operatives Management. Under the Constitution of Kenya 2010, Schedule 4, the department is mandated to carry out the following functions; crop and animal husbandry, livestock sale yards, county slaughter facilities, plant and animal disease control and fisheries development. Sustainable Development Goals (SDG) number 1 and 2 obligates the department to promote food productivity so as to reduce poverty and eliminate hunger.

Vision:

“To be the leading driver of economic development in Kericho County.”

Mission:

“To improve and sustain livelihoods of Kericho residents through employment creation, income generation and poverty eradication by adopting modern agricultural techniques and technologies.”

Tag Line

“Agriculture our Livelihood”

a) Department Mandate:

(i) Agriculture

- Formulation, implementation and review of county agricultural and food policy
- Provision of agricultural extension services and promotion of appropriate technologies
- Advice on regulation and standards on quality control of agricultural inputs, produce and products; Collaboration with research institutions in undertaking crop research and development
- Management of Agricultural Mechanization Services (AMS) and Agricultural Training Centers (ATC)
- Crop pests and disease control and Management
- Promotion of conservation of soil and water management for Agriculture.

(ii) Livestock

- Formulate, implement and coordinate county livestock policies and programmes
- Collaborate and liaise with mandated research centers and set county research agenda
- Provide livestock production extension services and promote livestock technology transfer
- Collection, maintenance and management of livestock production information
- Promote sustainable use of natural resources for livestock development
- Regulation and quality control of inputs, produce and products in the livestock sector.

(iii) Veterinary

- Implementation of national veterinary policies and development of relevant county veterinary policies and laws.
- Livestock Disease investigation, vector and disease surveillance, diagnosis, reporting and notification.

- Local quality control, inspection and certification of animals, animal products, feedstuffs and veterinary inputs.
- Delivery of animal health, production, welfare and food safety advisory services.
- Implementation of animal reproductive services including Artificial Insemination.
- Veterinary technical responsibility for livestock sale yards, livestock markets, county abattoirs and associated infrastructure.
- Implementation of standards for value addition to animal products including meat, milk, eggs, hides, skins, wool and feathers.
- Participation in research agenda setting in the livestock industry.
- Collaboration with the Department of Fisheries and Kenya Wildlife Service in matters of fish and wildlife health respectively.
- Collaboration with the Department responsible for health services in their respective counties in matters of zoonoses and the 'One Health approach'.

(iv) Fisheries

- Formulation and Implementation of county fisheries policy
- Provision of Fisheries extension services and promoting aquaculture development
- Provision of fish trade license and fish movement permits
- Ensuring fish quality assurance and product development
- Managing of fisheries data bank.

(iv) Co-operatives Management

Promote the development of co-operative societies in the county

3.2.2. Programs and projects

(a) Agriculture Sector Development Support Programme (ASDSP)

Commercialising agriculture, ending poverty, hunger and ensuring food and nutrition security is a key result for ASDSP II. It is envisaged that by increasing value chain productivity through identification of opportunities and implementation of high impact innovations, the programme action will achieve the intended results. These results are in line with two of the Big4 agenda, Food and nutrition security and manufacturing. Low productivity at all levels of value chains (VC) has been identified as one of the key barriers to commercializing the agriculture sector. It is manifested by low volumes of production, inefficient and ineffective processing and markets, and ultimately hinders achievement of income growth and food and nutrition security. To address these challenges, ASDSP II Kericho CPS will not be involved in providing extension services, but will invest resources to build the capacity of service providers to exploit opportunities identified by value chain actors, where such capacity is weak or does not exist. In addition, the programme will support the promotion of innovations that lead to increased productivity in the identified opportunities.

(b) Kenya Climate Smart Agriculture Programme (KCSAP)

The project aims at increasing agricultural productivity, building resilience to climate change risk and reduction of greenhouse gas emission in the targeted smallholder farming communities in six wards spread in three sub counties. To achieve these objective the project targets to Support Community Investments through provision of Grants to CIGs/VMGs to Upscale Climate smart technologies on five priority value Chains, it also anticipates providing

Investments support to county government to implement CSA interventions (Sub Projects)

3.2.3. Department Projects/Programmes

ii) On-going projects/programs

S/N o	Project/Programme Name	Projects Location	Objectives	Description of Activities	Start Date	Description of activities Done and % age	End Date	Amount Paid (Kshs)	Remarks including pending works
	Construction of 3-door staff pit latrine with urinal & other Auxillary repair works at Kipkelion West Sub-County Ternan Slaughter house	Kipkelion Sub County	To provide hygienic environment	Construction and Renovation	2021/2022	10%	2022/2023		ongoing
	Construction of Fort Ternan Slaughter house	Kipkelion West		Construction and Completion			2022/2023		On-going
	Agricultural sector development and support program: i) supply, delivery and installation of	County wide	To reduce the cost of feeds and to improve supply of quality feeds	Installation and completion	5/4/2022	80% complete	22/10/2023	5,800,000.00	Ongoing

		Barng'oror/kapsiti water catchment conservation	Rehabilitation of two dams and environment conservation	Rehabilitation of two dams and environment conservation	13/01/2022	99%	10/7/23	14,000,000	
		Kipsitet AI centre	Establishment of perimeter fence, AI centre, septic tanks and supply of AI equipment	Establishment of perimeter fence, AI centre, septic tanks and supply of AI equipment	5/05/2022	99%	8/9/23	7,200,000	
		Matunda women group indigenous	Supply, Installation of	Construction and completion of	3/1/23	99%	10/9/23	18,000,000	

		chicken hatchery	backup generator ,connection of electricity and complete wiring of the building Testing of Egg Hatching Equipment Seretut Indigenous chicken hatchery	indigenous chicken hatchery					
Co-operatives									
		Chepnorio FCs	Supply and construction of metal drying tables	Construction of 4 metal drying tables 50 metres in length	8/3/23		30/6/23	900,000	
		Kibirirgut FCs Kaplela rtet	Supply and Installation of a 2 disc pulper	Supply and Installation of a 2 disc pulper machine	8/3/23		30/6/23	12,400,000	

			machine						
		Sereng Coffee Factory Chilchila	Constructi on of 100M3 masonry water tank	Construction of 100M3 masonry water tank	8/3/2 3		30/6/ 23	1,897,150 0	
		Kipkelion District Cooperative Union.(Coffee Mill) Chilchila (Kipkelion West sub- county)	To facilitate marketing of quality and competitiv e coffee products for higher returns	Construction of a modern coffee warehouse with a capacity to hold 200,000 bags of parchment/mi lled coffee, 84 coffee cooperative societies and 60 coffee estatefarmers whose coffee is milled and marketed byKipkelionDi strict Cooperative Union.	8/3/2 3		30/6/ 23	50,000,00	

iii) Multi - year projects/programmes

No .	Project Name	Project Location	Project cost Kshs	Objectives	Description of Activities	Start date	Description of Activities done and %age	End date	Amount paid(Kshs)	Remarks including pending works
1	Maize Processing plant	Kedowa	13,044,432.87	Support 125,000 Kericho county small scale maize farmers aggregate and establish maize processing plant	Construction and completion, equipping, fencing	1/8/23	Site handing was done	31/7/24	New	To commence

Iv} New Projects/Programs for FY 2024-2025

s/no	Project name	Project location	Objectives	Description of activities
	Dairy development	County wide	To increase dairy production and productivity	Procurement of; Assorted pasture and fodder tree seed Procurement of 2 tractors and 2 forage harvesters
	Tea buying centres	County wide	Increase productivity and incomes of small-holder industrial crops farmers by promoting farm-gate processing of products	Renovation and completion ,establishment of new of Tea buying Centres
	Modernization of Soin ATC	Soin ATC	Train farmers and other stakeholders	Establishment of Irrigation System, Procurement of farm inputs
	Subsidized seeds/seedlings	County wide	To enhance crop productivity	Improved crop productivity will increase farm income for maize farmers and create employment
	Livestock improvement, feeds and product processing	County wide	To increase livestock production and productivity	Procurement of animal feeds
	Poultry development	County wide	To increase poultry production and productivity	Procurement of; Eggs for hatching (improved kienyeji)
	Apiculture (Bee keeping)	County wide	To increase honey production and productivity	Procurement of; Bee hives
	Agriculture extension services programme	Countywide	To facilitate effective extension service delivery	Farmers and staff capacity building

	Fish farming and utilization project	County wide	To increase fish production and productivity	Procurement of mono sex fingerlings
	Procurement of Fish feeds	County wide	To increase fish production and productivity	Procurement of fish feeds
	Procurement of Fish harvesting equipment	County wide	To facilitate effective fish harvesting	Procurement of 20m fully mounted fish harvesting equipment (seine net)
	Agricultural sector development program (ASDSP)	County wide	Capacity building, productivity market development and social inclusion and climate change resilience	Trainings on productivity, entrepreneurship, market and structures development on the Dairy, banana, poultry and tomato value chains
	Kenya Climate Agriculture Project	Sigowet, Soin, Ainamoi, Kapsaos, Kipkelion Kamasian Wards	<i>increased productivity, build resilience to climate change risks and reduced GHG emissions</i>	Training of farmers on Technologies through Contracted Private Service Providers -Community Investments through provision of Grants to CIGs/VMGs to Upscale Climate smart technologies on five priority value Chains.
	Kenya Climate Agriculture Project	County Wide	<i>increased productivity, build resilience to climate change risks and reduced GHG emissions</i>	Investments support to county governments to implement Climate Smart Agriculture interventions (Sub Projects)
	Kenya Climate Agriculture Project	County Wide	<i>increased productivity, build resilience to climate change risks and reduced GHG emissions</i>	PPPs support to private firms and Producer Organizations to promote production alliances in priority Value Chains

	Livestock Pest and Disease Control Programme	Countywide	To promote livestock health and increase productivity	<p>To purchase vaccines and carry out vaccination campaigns against ECF, Rabies, Blackquarter, Anthrax, Lumpy Skin Disease, Foot and Mouth Disease, CCPP, PPR, and others</p> <p>Rehabilitation of cattle dips</p> <p>Procurement of assorted acaricides.</p> <p>Distribution of acaricides to Sub-Counties and to the Cattle Dips.</p>
	Livestock Breeding Programme	Countywide	To improve livestock productivity	Purchase Semen doses, Purchase Liquid Nitrogen, Distribute to Cooperative societies, To offer AI services to farmers, to train farmers on improving genetics
	Veterinary Public Health	Countywide	To safeguard Public health	<p>Rehabilitation of slaughter facilities and replace broken down equipment.</p> <p>Relocation and construction of Slaughter facilities</p> <p>Construction of Poultry Slaughterhouse</p>
	Promotion of food and nutrition security	Countywide	<p>To interrelate agricultural production with nutrition</p> <p>To improve home management in relation to food</p>	<p>Farm demonstrations and trainings</p> <p>Farm demonstrations and trainings</p>
	Horticulture production ,processing and marketing project	Ainamoi	Promote agro processing	Value addition of horticultural farm produce

	Enhancement of Industrial crops	Countywide	Crop diversification Expansion of area under high yielding clones Improve sugarcane productivity through improve varieties	To revive pyrethrum by availing planting materials to the farmers Replace old moribund tea varieties with high yielding clones Support farmers with high yielding planting materials
	Smallholder Irrigation Development Project	Soin	To increase productivity and incomes of small-holder industrial crops farmers by promoting farm-gate processing of products	Develop small irrigation schemes
	Agricultural Mechanization and Technology Development Project	Countywide	To promote sustainable and competitive farm mechanization to enhance food security, income and employment.	Developing land for crop production
	Soin Agricultural Training Centre Modernization Project	Soin ATC	To facilitate farmer training	Installation of 2 metallic gates with concrete support Procurement of water tanks Procurement of project computers and printers Procurement of training equipment

3.3. Health Services

3.3.0 Introduction

A well developed and healthy human resource is an important aspect in the development of the County. The sector provides promotive, preventive and curative services. It ensures a healthy population who can actively participate in development activities in the County. The big challenge, however, is shortage of qualified health personnel; inadequate medical facilities and equipment; high poverty rates; HIV and AIDs prevalence; and reduced budgetary allocation for the sector. The county will therefore endeavour to provide health care facilities and to create awareness for improved health seeking behavior. Over the plan period, the County will strive to improve provision of health services to its residents.

a) Vision:

To have a healthy Kericho County population for vibrant economic growth

b) Mission:

To provide the highest standards of health services by developing a health system that is technologically driven, equitable, accessible and community oriented.

c) Mandate

The 4th schedule, CoK 2010, mandates the Health Department to:

- Manage County health facilities and pharmacies,
- Offer ambulance services,
- Promotion of primary healthcare,
- Licensing and control of undertakings that sell food to the public,
- Cemeteries, funeral parlors and crematoria.

3.3.1 Department Programmes and projects

The programmes and project derived from CIDP 2023-2027.

i) Department Programmes

S/NO	PROGRAMME NAME	OBJECTIVE	OUTCOME	INDICATOR	BASELINE 2023/2024	TARGET 2024/2025
1	Promotive and Preventive Health	To accelerate reduction of the burden of communicable conditions	Reduced number of children born with HIV	Proportion HIV+ pregnant mothers receiving preventive ARV's to reduce risk of mother to child transmission (PMTCT)	99.7	100
2	Promotive and Preventive Health		Herd immunity at the community	% Of children under 1 year of age fully immunized	86.7	95
3	Promotive and Preventive Health		High quality of life	TB treatment success rate		
4	Promotive and Preventive Health		Low malaria incidence	Number of children under 1 distributed with Long Lasting Insecticide Treated Nets (LLITNs) in endemic and epidemic districts	7067	28479

ii) Proposed Projects for FY 2024/2025 (Health Services)

S/ No	Project Name	Project Location(ward)	Objectives	Description of Activities	Estimated cost of project
1	Proposed ward completion and renovations of dispensaries and health centres	Countywide	To improve services delivery in dispensaries and health centres	Continuous renovation and improvement of health facilities across all wards (2,500,000.00 ksh per ward)	72,000,000.00
	Proposed construction of level VI hospital	Countywide	To handle complicated and specialised treatments	Construction, equipping, staffing and operationalisation of level 6 hospital	6,000,000,000.00
	Proposed removal and reroofing of KCRH asbestos	Kipchebor	To prevent lung cancers among facility users	Removal of the asbestos, disposal and reroofing	0
	Proposed Construction of housing for the microwave waste disposal in Kapkatet Subcounty Hospital/waste disposal system	Kapkatet	To safely dispose wastes across the country	Construction of the microwave housing	0
	Proposed construction of a mortuary	Waldai	For dignified preservation	Construction of the 20	-

	at Sosit Sub-county Hospital		of the dead in Belgut subcounty	body mortuary	
	Proposed completion of theatre at Sosit sub-county Hospital	Waldai	To have all maternal and emergency cases handled within Belgut sub-county	Completion of the theatre at Sosit subcounty hospital	5,000,000.00
	Proposed construction of a storey casualty and special clinics at Londiani Sub-County Hospital	Kedowa Kimugul	To improve quality and scope of service delivery at the hospital	Construction of the multistorey comprehensive building	20,000,000.00
	Proposed construction of a storey casualty and special clinics at Sosit Sub County Hospital	Waldai	To improve quality and scope of service delivery at the hospital	Construction of the multistorey comprehensive building	20,000,000.00
	Proposed construction of a storey casualty and special clinics at Sigowet Sub County Hospital	Sigowet	To improve quality and scope of service delivery at the hospital	Construction of the multistorey comprehensive building	20,000,000.00
	Proposed construction of a storey casualty and special clinics at Roret Sub County Hospital	Kisiara	To improve quality and scope of service delivery at the hospital	Construction of the multistorey comprehensive building	20,000,000.00
	Proposed renovation of wards at Roret Sub county Hospital	Kisiara	To improve the ambience for inpatient clients	Replacement of roofs, ceiling, floors and repainting	-
	Proposed landscaping of Roret Sub-county Hospital	Kisiara	To install ramps and walkways interconnecting the departments	Levelling of the ground and installation of cabro	-
	Proposed fencing of Roret Sub-county Hospital	Kisiara	To secure the facility property and secure the patients	Wall fencing and chain link fencing of the facility	5,000,000.00
	Proposed completion of Xray Unit at Kipkelion Subcounty Hospital	Kipkelion	To handle all trauma patients at the same facility	Construction of the radiology unit	3,000,000.00

	Proposed completion of a mortuary at Fort Ternan Subcounty Hospital	Chilchila	For dignified preservation of the dead in Chilchila area	Completion of the mortuary construction	8,000,000.00
	Proposed construction of a mortuary at Kipkelion Subcounty Hospital	Kipkelion	For dignified preservation of the dead in Chilchila area	Construction of a mortuary at Kipkelion subcounty hospital	-
	Proposed Construction of a borehole and piping at Fort Ternan subcounty Hospital	Chilchila	To have a permanent solution to the water problem at the hospital	Drilling of the borehole phase one at Fort Ternan subcounty hospital	3,000,000.00
	Proposed branding and signages of all new facilities	Countywide	To ensure visibility and easy access to all new facilities	To install signboards and brand gates in all new facilities	-
	Proposed construction of storey medical wards and pavements at Fort Tern hospital	Chilchila	To attend to all patients due for admission	Construction of the storey building	15,000,000.00
	Proposed equipping of KCRH 64 body morgue	Kipchebor	To preserve the departed in a dignified way	Purchase of cold freezers for preservation of bodies at the referral hospital	72,000,000.00
	Proposed equipping of Ainamoi H C Theatre	Ainamoi	To handle obstetrical and urgent surgical cases within Ainamoi Subcounty Hospital	Purchase of surgical equipment at the hospital	24,000,000.00
	Proposed Equipping of Kipsitet MCH	Soin	To ensure provision of comprehensive maternal services to Kipsitet residents	Purchase of medical equipment of the MCH	8,000,000.00
	Proposed equipping of level IV hospital wards countywide	Countywide	To continually upgrade equipment to improve on service delivery	Purchase of equipment for the county hospital wards	5,000,000.00

	Proposed equipping of offices boardrooms with furniture and computers at County Hospitals	Countywide	To decrease outsourcing of conference and boardroom activities	Purchase of equipment for boardrooms	4,000,000.00
	ICT infrastructure for the subcounty hospitals	Countywide	To digitise all health services	Purchase of ICT infrastructure and installation	3,000,000.00
	Emergency response software and ambulance tracking	Countywide	To improve on provision and tracking of emergency response services	Purchase of the emergency response ICT equipment and software	-
	Completion and Equipping of psychiatry/GBV unit	KCRH	To improve on access to psychiatric and GBV services	Purchase of equipment for the psychiatry and GBV UNIT.	0

3.3.2 PROPOSED NATIONAL GOVERNMENT, DONOR/PARTNER FUNDED PROJECTS

	Project proposed	Location	Objective	Scope of works	Estimated cost
	Proposed construction of a chronic disease centre, oncology unit, wards and theatres in KCRH	Kipchebor	To handle oncology screening, treatment and palliative care cases	Construction, equipping, staffing and operationalisation of the chronic disease centre	450,000,000
	Proposed construction of new outpatient centre in KCRH	Kipchebor	To handle the increasing population of Kericho town outpatient needs	Construction, equipping, staffing and operationalisation of the OPD wing	180,000,000
	Proposed construction of comprehensive mother and child hospital in KCRH	Kipchebor	To handle the complex referrals from peripheral facilities.	Construction, equipping, staffing and operationalisation of MCH wing	450,000,000

3.4. EDUCATION CULTURE, LIBRARIES AND SOCIAL SERVICES

Vision

“To steer competitive skills training and competencies for sustainable social, cultural and economic development in Kericho County.”

Mission

“To provide, coordinate, preserve and promote quality education, culture and social services for county cohesion and integration.”

Goal

“To empower all citizens through education, technological advancement, skills training, promotion of culture and social progress”

Sector composition:

Directorate of Education.

This directorate has two divisions: - pre-primary school division and vocational training.

Their functions are as follows:-

- i. Develop and implement Pre-primary education policy;
- ii. Quality assurance and supervision of pre-primary institutions;

3.5 Name of Department: Public Works, Roads and Transport

3.5.1 Introduction

This section captures the department's vision, mission and mandate. Further the programmes and projects to be implemented are detailed which include ongoing projects, mid-term and end projects to be carried during the plan period.

Department Vision:

A World class provider of cost-effective physical infrastructure facilities and services”.

Department Mission:

“To provide efficient, affordable and reliable infrastructure for sustainable economic growth and development through construction, modernization, rehabilitation and effective management of all infrastructure facilities

Department Mandate

The department's mandate includes: -

- i. Carry out construction and maintenance of the County physical infrastructure.
- ii. Create connectivity through road networks and drainage systems.
- iii. Supervise public buildings, provide and develop efficient public transport and transport issues.
- iv. Ensure a clean secure built environment through proper street lighting and provision of proper storm water management systems

3.5 Department Programmes and projects

The programmes and project should be derived from CIDP 2023-2027.

3.5.1 Department Programmes

Specific Projects for FY 2024/2025 TO INCLUDE MULTI PROJECTS IF ANY (arrange per sub- county perward)

Multi - year projects/programs

S/no	Programme name	Projects location	Objectives	Description of activities	Start date	Description of activities done and %age	End date	Amount paid (kshs)	Remarks including pending works
------	----------------	-------------------	------------	---------------------------	------------	---	----------	--------------------	---------------------------------

1	Proposed rehabilitation and construction of drainage and tarmacking of minor roads in at	Kedowa/kimugul	Create accessibility and minimize the impact of runoff water	Construction of drainage structures and tarmacking access roads within londiani	4 th april, 2019	90%	19 th october, 2022	190,932,248.56	Installation of culverts, stone pitching of open drainages and road furniture
---	--	----------------	--	---	-----------------------------	-----	--------------------------------	----------------	---

	londiani town			market					
2	Proposed rehabilitation and construction of drainage structures in kapkatet township	Kapkatet	Create accessibility and minimize the impact of runoff water	Constructio nof 15no. Drainage networks, stone pitching and reinforced lining installation of culverts within kapkatet market	08 th april, 2019	20%	07 th april, 2021	8,812,543.39	The drainage lines along the highway kd1 and kd2 were delayed due to kenha approvals

3.6 WATER, ENERGY, ENVIRONMENT, FORESTRY AND NATURAL RESOURCES

3.6.1 Introduction

Vision

To be in the forefront in management of Water, Environment and Natural Resources for sustainable development.

Mission

To foster equitable and sustained socio-economic development through efficient and effective Management and utilization of natural resources.

3.1.1 Sector Goal(s)

The overall Goal of the sector of Water, Environment, Energy, Forestry and Natural Resources is to promote the living standard of the county residents through ensuring affordable water and sanitation services, access to affordable energy , clean safe environment for all and sustainable management of the natural resources .

The mandate of the department of water, environment, energy, forestry and natural resources is to ensure provision of safe and quality water, conserve and protect the environment, promote renewable energy and sustainable utilization of natural resources.

To achieve this mandate, the department will be guided by the following strategic objectives;

- To restore, protect and conserve environment,
- To ensure a clean, safe and healthy environment
- To ensure access to adequate and quality water supply
- Enhance the use of Energy saving devices;
- Increase uptake and use of alternative energy sources
- To coordinate the mainstreaming of climate change actions in the key sectors of the economy in the county

Sector composition

The sector is composed of four sub sectors namely; Water, Energy, Environment, Forestry and Natural Resources .The main functions of the Department are; ensuring access to clean, safe and affordable water, provision of Sanitation and sewerage services, ensuring a clean and safe environment, increasing the County tree cover, coordination, development and implementation of adaptation and mitigation policies, strategies and plans on Climate Change and developing legislative Frameworks.

Directorates

The Department is currently working under two directorates namely; Directorate of water and sanitation; and Directorate of Environment, Energy, Forestry and Natural Resources.

Water and Energy Directorate

The mandate of the directorate includes: Formulate county specific policies on water matters; Identify and protect all water sources in the county; Plan and develop county water supply and sanitation infrastructure; Liaise with other Government agencies in the management and conservation of water resources; Implement policy directives, rules and regulations on water uses and disposal; Implement policies on conservation and management of water resources in the county; Develop and implement water service

Environment Directorate

The Environment Directorate mandate includes; solid waste management, Storm water drains, drainage cleaning, Management of Recreational parks and open spaces, Excessive Noise and Air Pollution. Public Nuisance Control forestry, natural resource and Climate Change matters.

The Directorate currently comprises of two divisions, which includes Environment & Forestry and Natural resources. The divisions are further subdivided into several sections which includes solid waste management, environmental protection and conservation, environmental planning and education, climate change, environmental compliance and enforcement

3.6.1 Department Programmes and projects

The programmes and projects as derived from CIDP 2023-2027 are outlined below.

i) Department Programmes

S/NO	PROGRAMME NAME	OBJECTIVE	OUTCOME	INDICATOR	BASELINE 2023/2024	TARGET 2024/2025	BUDGET
WATER AND ENERGY							
1	Water Resources Management	To increase access and availability of safe and adequate water	Improved health and sanitation facilities	No. of water Catchment /springs conserved and protected	127	18	11
				% reduction for unaccounted for Water	58	7	7
2	Water and Sewerage Infrastructure Development	To increase access and availability of safe and adequate water	Increased availability of safe and adequate water	No of policy developed and implemented	2	1	2.5
				% of rural household with access to potable water	38	6	48
				% of urban, household with access to potable water	69	5	60
				No of large water facilities constructed and operational	3	3	30
				No. of small water facilities constructed and operational	53	13	39
				No. of existing water projects rehabilitated, expanded and/completed	101	20	40
				No. of boreholes	69	18	72

				rehabilitated and equipped			
				No. of water treatment plants constructed and operationalized	9	5	100
				No. of treatment plants rehabilitated	3	1	5
				No. of sewerage systems constructed and operationalized	1	1	0
				% households connected to a sewage system in urban areas	4	2	0
				No. of community water projects Management committees constituted and trained	66	36	1.8
				No. of well managed Rural water schemes	66	36	3.6
				No. of water harvesting tanks procured and installed	671	200	10
				No. of small dams/pans Constructed or Rehabilitated	14	6	30
3	Alternative Energy Technologies	To facilitate and promote uptake of green energy to ensure environmental sustainability	Increased access to clean alternative energy and reduction of dependency on	No. of borehole water solar Pumping systems installed	17	11	0
				No. of institutional solar systems	8	5	0

			the National Grid	Installed			
				No. of Institutional biogas plants constructed	11	3	0
				No. of Domestic household Biogas digesters Constructed	44	7	0
				No. of policy documents developed and implemented	1	0	0
							281.5
S/NO	PROGRAMME NAME	OBJECTIVE	OUTCOME	INDICATOR	BASELINE 2023/2024	TARGET 2024/2025	Programme cost Estimate(KS
SOLID WASTE MANGEMENT							
1.	Development of solid waste management policies and legislation	To improve solid waste management services in the county	Enhanced Clean healthy and safe Environment	Number of policies in place	1	2	5,000,000
2.	Development of waste Recovery Facilities	Improve waste management and achieve circular economy	Material Recovery Facility (MRF)	Number of MRFs in place	0	1	20,000,000
3.	Rehabilitation of Waste disposal sites	Improve solid waste management infrastructures	Enhanced environmental health and safety in the county	Number of Waste disposal sites rehabilitated	1	2	10,000,000
4.	Provision of solid waste collection	Ensure clean and health	Outsourced streets, market	Sub-County Monthly progress	9	12	30,000,000

	and disposal	environment	and drainage cleaning and garbage collection	reports			
5.	Promotion of waste management co - operatives	To Promote community involvement in waste management	Enhanced waste management and job creation	No. of co-operatives registered	0	1	5,000,000
ENVIRONMENTAL CONSERVATION AND PROTECTION							
	Promotion of Environmental compliance	Promotion of awareness creation on environmental conservation and cleanliness	Enhanced awareness and compliance on environment management	No. of awareness campaigns & meetings conducted	60	12	600,000
		Acquisition of noise and air quality meters	Reduced Pollution control related nuisance and complaints	No. of equipment procured	2	4	1,000,000
	Beautification and greening of town	Improve aesthetic and town beauty	Improved physical outlook of the town	No. of roundabouts and open spaces beautified	7	2	500,000
	Protection and conservation of wetlands and watersheds	Enhance water quality and supply	Protected area	No. of conserved water sources and wetland	90	13	9,680,000
	Training and gazettement of	To Improve staff capacity and	Enhanced environmental	Number of staff	3	6	7,000,000

	environment inspectors	skills	compliance and enforcement	trained Number of trainings conducted			
PROMOTION OF FORESTRY CONSERVATION AND PROTECTION							
1.	Tree production and distribution	To enhance tree cover	Increased no. of tree seedlings	No. of tree seedlings produced and distributed	1,800,000	500,000	7,500,000
2.	Establishment of county tree nurseries	To enhance tree cover	Increased seedling supply	No. tree nurseries established	1	2	1,000,000
3.	Establishment of community tree nurseries	Empower community on agroforestry and promote income generation	Increased tree cover Revenues generated	No. of tree nursery established	0	5	2,500,000
4.	School greening program	To promote forest cover and environmental conservation	Enhanced forest cover and conservation	No of schools supported for the school greening activities	105	30	2,000,000
5.	Forest extension services/Capacity building	To promote Agro-Forestry activities	Increased adoption of eco-friendly agro-forestry activities	Number of farmers trained on agroforestry programs	0	3000	1,500,000
Climate Change							
1.	FfloodCA Program - Implementation Of Bankable Projects Climate Change	To build resilience against climate change vulnerability shocks in key	Increased resilience to climate change vulnerability	No. of projects implemented to mainstream climate actions	6	12	175,000,000

	Action	sectors	shocks				
	Reviewing Policy documents on climate change action prepared	To enhance implementation of projects	Successful implementation of projects	No. of policy documents prepared and reviewed	2	1	3,000,000
2	Capacity building of CCCU staff and ward committees	To enhance skills for the CCCU and ward climate change committees on climate change	Enhanced skills on CCCU staff	No of CCCU staff trained	10	12	3,000,000
3	Sensitization of public on climate change	To build capacity of the public on climate change	Public sensitized on climate change	No of public sensitization forums held	6	6	2,400,000
Mineral Resource Management							
2.	Mineral resource mapping	Increased information on minerals	Enhanced information access on minerals	Availability of Mineral resource mapping docs	0	1	15,000,000
3.	Small-scale and artisanal miners empowerment, value addition support	Enhanced social welfare of the communities	Enhanced skill for miners, Increased revenue earned	Number of registered groups trained	0	3	1,500,000
4.	Decommissioning and Restoration of mines and quarry sites	Increased compliance to mining & environmental legislations	Enhance safety for both residents	No. Of abandoned and borrow pits rehabilitated	0	10	5,000,000
	Promotion of	Improved	Enhanced	No. Of abandoned	0	10	5,000,000

	compliance on mining and environmental legislations	governance in mining and mineral resource management	environmental conservation and sustainable exploitation of minerals	mining or pits complying with regulations			
--	---	--	---	---	--	--	--

ii) PROPOSED Projects for FY 2024/2025

S/ No .	Project Name	Project Location(ward)	Objectives	Description of Activities	Estimated cost of project
WATER AND ENERGY					
	Timbilil water project Water supply Project	Kunyak	Enhance water supply services	Rehabilitation of intake works and Main Gravity pipeline; Construction of a distribution pipeline 3km, installation of plastic tanks and fencing, Provision and installation of Chlorine dosing equipment	8,000,000
	Lelsoet(Masaita) water project		Enhance water supply services	Rehabilitation of Intake worksCompletion of gravity main. Construction of a 100m3 masonry storage tank. Construction of Distribution pipeline	3,500,000
	Ndhiwa water project	Kedowa/Kimugul	Improve access to safe water	Hydrogeological Survey. Establishment of borehole	5,000,000
	Ewat Dam	Kedowa/Kimugul	increase water storage	Pan Construction	3,000,000
	Ndonyomare water project	Soin	Enhance access to water and basic sanitation services	Drilling and equipping of new borehole;Construction of masonry tank for storage;Distribution and supply	2,000,000
	Kaptalamwa water project	Soin	Enhance access to water and basic sanitation services	Extension of distribution pipeline	3,000,000
	Nyaberi water project	Soin	Enhance access to water and basic sanitation services	Drilling and equipping of Borehole Equipping and installation of solar system. Construction of masonry tank for storage Distribution pipeline & water points	2,000,000
	Kapkongoni water project	Soin	Enhance access to water and basic	Piping and distribution of water	3,000,000

			sanitation services		
	Chesilyot water project	Londiani	Improve access to safe water	Distribution of water to kapchepkoga, kipsirichet and Jagoror centre from already existing 2 boreholes.	3,000,000
	Katet borehole	Londiani	Improve access to safe water	Water distribution & storage tank	3,000,000
	Chekooyo dam	Londiani	increase water storage	Rehabilitation & desilting	4,000,000
	Chebotawa water project	Chemosot	Conserve and protect water source	Construction of spring, construction of masonry tank, fencing, solar installation and distribution network.	5,000,000
	Construction of water Tank Reservoir at Kabitungu Primary School	Chemosot	Enhance access to water and basic sanitation services	Construction of water Tank Reservoir at Kabitungu Primary School	1,500,000
	Drilling of Borehole at Kabartegan Primary School	Chemosot	Enhance water supply services	Borehole drilling and equipping, solar installation, construction of elevated tank, supply and distribution pipeline.	5,000,000
	Terta, Chebokeny, Kipkerieny and Chepchirik water project	Chemosot	Conserve and protect water source	Construction of spring	2,000,000
	kipkosombe, kipsulu lut, Kaptebengwet, bosara, ararwet	Kapkatet	Enhance water supply services	Construction of springs, masonry tank, rising main, distribution pipeline, solarisation and fencing	5,000,000
	Nganaset, tulwet, koitabei, cheptangulgei.	Kapkatet	Enhance water supply services	Construction of springs, masonry tank, distribution pipeline, solarisation and fencing	5,000,000
	Kibwastuiyo/Kipson oi/Nyangeito water projects	Cheplanget	Enhance water supply services	Construction of branched pumping main to kapsisiyo water tank, Construction of 50M3, 200M3 water tanks at Kesembe, Construction of treatment works, solarization, Construction of distribution pipelines	10,000,000
	Kesaile water project	Cheplanget	Enhance water supply services	Construction of intake, hydram and pipelines and construction of dams	6,000,000
	Proposed Rehabilitation and construction of	Kamasian	Enhance water supply services	Construction of distribution network Construction of Water Kiosks at Kapkwen, TingaTela, Mutai, LandMawe, Chepsain	5,000,000

	Kimologit water project				
	Tachasis Water supply Project	Kamasian (Kamasian Location)	Enhance water supply services	Provision of chlorine dosing plant, Expansion and fencing of source fencing, and distribution network expansion.	3,000,000
	Fort Tenan Health Centre water Project	Chilchila	Enhance water supply services	Rehabilitation of intake works; completion of Treatment works, main gravity line and distribution network	15,000,000
	Magire Water Project	Chilchila	Enhance water supply services	Construction of masonry tanks and distribution pipeline extensions	6,000,000
	Kichwari, leberer, sosit, tugunon and kapkotungor spring	Chepseon	Enhance water supply services	Spring protection	2,000,000
	Tembwet spring	Chepseon	Enhance water supply services	Spring protection, construction of spring box & piping	1,000,000
	Complex and Sabunit	Chepseon	increase water storage	Expansion of the pans and construction of pipeline distribution construction treatment plant	6,000,000
	Roret monoru Water Project	Kisiara	Enhance water supply services	Construction of springs, storage tanks construction of distribution pipeline, rising main and fencing.	5,000,000
	Keregut water Project	Kisiara	Enhance water supply services	Construction of springs, storage tanks, distribution pipeline and fencing.	5,000,000
	Chemaset Water Project	Seretut/ Cheptorriet	Enhance water supply services	Construction of a 25m3 storage masonry tank and distribution pipeline	3,000,000
	Springs(Kiptule, Chepkoton, Masiat)	Seretut/ Cheptorriet	Enhance water supply services	Spring Rehabilitation	1,000,000
	Chebungunon Water Project	Seretut/ Cheptorriet	Enhance water supply services	Construction of intake works, distribution pipeline and main pipeline	5,000,000
	Matobo Primary School	Kipchebor	Enhance rainwater harvesting	Provision of uPVC water tanks, rainwater harvesting equipment and water points	1,000,000
	Chesanga/ Kimibei water project	Kipchebor	Enhance water supply services	Rehabilitation of Spring protection at Chepkitach, Construction of a clear water sump, installation of a solarized pump, construction of pump house, rising main, storage tank and distribution pipelines	7,000,000
	Reticulation of KEWASCO water	Kipchebor	Enhance water supply	Construction of distribution pipeline	3,000,000

	supply in Matobo-Satelite-Mlimani				
	Expansion of water supply by KEWASCO in Kapkugerwet Ward	Kapkugerwet	Enhance water supply services	Construction of distribution pipeline	1,500,000
	Chemusu Primary School Water Project	Kapkugerwet	Enhance water supply services	Provision of 10m3 UPVC tank, rain water harvesting equipment and communal water points	2,000,000
	Ongoing Water Projects in Kapkugerwet	Kapkugerwet	Enhance water supply services	Rehabilitation of spring protection, Construction of a clear water sump, installation of a solarized pump, rising main, storage tank and distribution pipelines for Chepchirik, KapMicheal Springs	8,000,000
	Chepkitach, chebulu lu, kapkisiara.	Tebesonik	Enhance water supply services	Construction of springs, 100m ³ tank, distribution pipeline, fencing and solarazation.	8,000,000
	Sugutek Libya Water supply Project	Kipkelion	Enhance water supply services	Spring protection and piping	6,500,000
	Kisabei water project	Kapsoit	Enhance water supply services	Piping, Tank construction & Fencing. Spring protection and rehabilitation of pump house	3,000,000
	Kenegut Day School rain water harvesting Project	Kapsoit	Enhance rainwater harvesting	Provision of uPVC water tank and rain water harvesting equipment	1,000,000
	Kipkeror Primary School rain water harvesting Project	Kapsoit	Enhance rainwater harvesting	Provision of uPVC water tank and rain water harvesting equipment	1,000,000
	Kapsoit Vocational Training Centre rain water harvesting Project	Kapsoit	Enhance rainwater harvesting	Provision of uPVC water tank and rain water harvesting equipment	7,000,000
	Ainapsotet	Kapsaos	Improve access to safe water	Drilling of a borehole, Borehole equipping, Construction of a water tank and distribution pipeline	5,000,000
	Talatany Dam Water Project	Kapsaos	Increase water storage	Construction of a pan, tree planting and protection of the spring	1,500,000
	Chebigen(tilit) springs	Kapsaos	Conserve and protect water sources	Renovation and protection of the water catchment area	500,000

	Cheretokmet springs	Kapsaos	Conserve and protect water sources	Renovation and protection of the water catchment area	500,000
	Kapsaos water project	Kapsaos	Enhance water supply services	Construction of a water tank and Piping of Mau water using gravity flow	3,000,000
	Boito water project	Kipchimchim	Enhance water supply services	Construction of a water tank and distribution pipelines	1,500,000
	Expansion of KEWASCO water supply in Chebisom-Kipchimchim-Ainamoi	Kipchimchim	Enhance water supply	Construction of 3.3 KM distribution pipeline	2,000,000
	Kaplilo Water Project	Kipchimchim	increase water storage	Construction of masonry storage tank	1.100,000
	Maji Mzuri Spring Protection	Kipchimchim	Enhance water supply	Construction of spring protection , communal water points and fencing	1,000,000
	Cheptigit/Taiywet Water Project	Kipchimchim	Enhance water supply services	Construction of a clear water sump, rising main, distribution pipeline and storage tank, communal water points and fencing. Installation of a solarized pump.	5,000,000
	Merekure, Chemermeru ,Kondamet, Serwer, Kipsitot,Chebinyiny, Birirbei,Mugenik,Ai nabelleck,Chepkoit Springs)	Waldai	Conserve and protect water sources	Project functioning but needs protection, fencing	5,000,000
	Keben water project	Waldai	Enhance water supply services	Rehabilitation of distribution pipeline	3,000,000
	Teldet Kondamet Bolaitich project	Kabianga/Che mamul	Chepsagogo water project	Electrification to pump water to community	3,000,000
	Kapruben water project	Kabianga/Che mamul	Chepsagogo water project	Solarisation	3,000,000
	Chepsagogo water project	Kabianga/Chemamul	Enhance water supply services	Construction of 50m3 masonry tank and distribution pipeline.	3,000,000
	Tabet Water supply	Litein	Enhance water supply	Construction of spring protection,	6,000,000

	Project		services	Construction of gravity main ,Construction of 100m3 masonry storage tanks, Fencing	
	Kapkochei water project	Kaplelartet	Enhance access to water and basic sanitation services	Expansion	3,000,000
	Chebetet water project	Kaplelartet	Enhance access to water and basic sanitation services	Drilling, quipping and installation of solar system; Distribution pipeline & water points Construction of masonry tank for storage.	5,000,000
	Koji Chelosegey Kamaget water project	Sigowet	Enhance water supply services	Spring development; Storage masonry tank; Distribution pipe; Construction of community watet point; Construction of cattle trough; Re-forestation; Fencing	3,000,000
	Kebeneti lower water project	Sigowet	Enhance water supply services	Spring protection; masonry tank; Hydrum to pump water to the tank; distribution pipes \	3,000,000
	Mwebe Tabet Chelosgey water project	Sigowet	Enhance water supply services	Spring development; Storage masonry tank; Distribution pipe; Construction of community watet point; Construction of cattle trough; Re-forestation; Fencing	3,000,000

1.	Planning of Kapsaos Market Center	Kapsaos Ward	To provide a guide for Spatial development	Reconnaissance survey, Data collection, Base map preparation, Stakeholder's meetings, draft plan preparation, placement of public notices	2.5M
2.	Planning of Ainamoi Market Center	Ainamoi Ward	To provide a guide for Spatial development	Reconnaissance survey, Data collection, Base map preparation, Stakeholder's meetings, draft plan preparation, placement of public notices	2.5M
3.	Review of Fort Ternan Town Plan	Chilchila ward	To provide a guide for Spatial development	Reconnaissance survey, Data collection, Base map preparation, Stakeholder's meetings, draft plan preparation, placement of public notices	10M
4.	Upgrading of Swahili Village in Kipkelion	Kipkelion Ward	To improve the living environment	Reconnaissance survey, Data collection, Base map preparation, Stakeholder's meetings, draft plan preparation, placement of public notices	5M (Proposed financing by the KISIP Project)

3.9 INFORMATION, COMMUNICATION, TECHNOLOGY AND E-GOVERNMENT, GENDER, SPORTS AND YOUTH AFFAIRS

3.9.1 Introduction

The mandate of the Department of Information, Communication, Technology and E-Government, Gender, Sports and Youth Affairs in County Government of Kericho is to position itself in order to grow a knowledge-based economy in line with Mid Term Millennium Development Goals (MDGs) and aspiration of Kenya's Vision 2030. Towards this end, and for the county to achieve its vision and goals, it will require leveraging the potential of Information and Communication Technologies (ICTs) together with modern sporting activities and technologies in operations and programming implementation. This therefore makes ICT & E-Government, Gender, Sports and Youth Affairs a cross-cutting sub-sector, expected to contribute to the implementation of selected strategies to enhance service delivery in Kericho County.

d) Department Vision:

ICT for maximum productivity and excellent innovation in the county

e) Department Mission:

To develop, deploy and support innovative, quality and sustainable ICTs and E-Government solutions and services that meet and exceeds the changing needs of governance and management of the County Government of Kericho.

f) Department Mandate

The mandate of the Department are:

- a) Implementing ICT policies and strategies;
- b) Deploy and manage all ICT staff in the public service;
- c) Facilitate and regulate the design, implementation and use of ICTs in the public service;
- d) Promote ICT literacy and capacity;
- e) Promote e-Government services;
- f) Facilitate optimal electronic, electronic form, electronic record and equipment use in public service;
- g) Promote ICT Innovation and enterprise;
- h) Establish, develop and maintain secure ICT infrastructure and systems;
- i) Supervise the design, development and implementation of critical ICT projects across the public service.

3.9.2 Department Projects/Programmes

3.10. PUBLIC SERVICE MANAGEMENT

3.10.1 INTRODUCTION:

The Department is responsible for coordination and management of county public service for effective and efficient service delivery in the county. The department is made up of four directorates, namely;

Directorate of Human Resource Management, Directorate of Inspection and Security Services, Directorate of Public Participation and Administration and the Directorate of Special Programs and Disaster Management.

g) Vision:

“A leading sector in legislation, public policy formulation, coordination, supervision and prudent Human resource management”

h) Mission:

“To provide overall leadership and policy direction in resource mobilization, management and accountability for quality public service delivery”.

i) Mandate:

The department’s mandate is to implement and interpret human resource policies and procedures. It is also tasked with the responsibility to ensure proper coordination and participation of various communities in governance as well as to promote peaceful and inclusive societies for sustainable development. The department is also mandated to handle disaster management and to coordinate quick responses to disasters and institute mitigation measures. Through the directorate of Inspection and Security, the department also ensures security of government installations and enforcement of county laws

3.10.2 DEPARTMENT PROJECTS/PROGRAMMES:

I) New Projects/Programs for 2024/2025:

S/No	Project Name	Project Location	Objectives	Description of Activities	Estimated cost of project
	Construction of Chepseon Ward Office	Chepseon	Ease citizen access to services and improved service delivery.	Construction of Office Block.	5,400,000
	Fencing of Sigowet Ward Office	Sigowet	Enhance security	Erecting of a chain link fence. Erecting a gate	1,000,000
	Fencing of Kedowa Kimugul Ward Office	Kedowa	Enhance security	Erecting of a chain link fence. Erecting a gate	1,000,000
	Purchase of 1 ward Project monitoring vehicles.	County head quarters	Improved supervision.	Procuring of 1 Double cab vehicles.	4,000,000
	Purchase of 0.25 acres of land at Kapkugerwet Ward	Keongo	Ease citizen access to services and improved service delivery.	Advertising. Identification Purchasing.	2,000,000
	Construction of a Fire Station. Purchase of a Fire Truck.	Londiani	Enhance response to fire disasters.	Construction of Office block and accommodation. Purchase of a Fire Truck	40,000,000.
	Menstrual hygiene	County wide	Improved hygiene for school going children	Identification. Mitigation.	3,936,000

CHAPTER FOUR

IMPLEMENTATION, MONITORING AND EVALUATION MATRIX

4.0 Introduction

This chapter presents the monitoring and evaluation framework that will be used to track progress on implementation of projects and programmes. The matrix enumerates projects and programmes, costing, implementing agencies as well as monitoring tools and indicators based on projects and programmes identified in chapter three.

4.0 Institutional Framework for Monitoring and Evaluation

One of the mandates for Department of Finance and Economic Planning in the county Government is to develop and implement a County Monitoring and Evaluation System, whose main aim is to improve the effectiveness and quality of implementation of various development policies, strategies and programmes in the county. Integrating monitoring and Evaluation to the planning process is therefore a critical aspect of governance. Monitoring indicators will assist the implementing agencies assess the progress made at the end of the plan Period.

84	Construction of Bridge/Box culvert at Torombe River	Keben	To improve access and open up new areas	Excavation, Blinding, Steel Fixing, Concrete works for bed, walling and top slab and back filling	6,600,000.00	6 Months	New	Progress report	County Government of Kericho	New	Department of Public Works Road & Transport Road & Transport
85	Tuyobei Bridge	Cheboin Ward	To improve access and open up new areas	Excavation, Blinding, Steel Fixing, Formwork, Concrete Works to Bends, Walling and Top Slab.	4,680,900.00	6 Months	New	Progress report	County Government of Kericho	New	Department of Public Works Road & Transport Road & Transport
86	Bridge at Kap Nyangau-Ngororga Road	Cheboin Ward	To improve access and open up new areas	Excavation, Blinding, Steel Fixing, Formwork, Concrete Works to Bends, Walling and Top Slab.	5,378,900.00	6 Months	New	Progress report	County Government of Kericho	New	Department of Public Works Road & Transport Road & Transport

87	Lelach-Ngoroga Box Culvert	Cheboin Ward	To improve access and open up new areas	Excavation, Blinding, Steel Fixing, Formwork, Concrete Works to Bends, Walling and Top Slab.	3,685,365.00	6 Months	New	Progress report	County Government of Kericho	New	Department of Public Works Road & Transport Road & Transport
88	Senetwet Box Culvert (Aryoket)	Arokyet	To improve access and open up new areas	Excavation, Blinding, Steel Fixing, Formwork, Concrete Works and Back Filling	4,535,678.00	6 Months	New	Progress report	County Government of Kericho	New	Department of Public Works Road & Transport Road & Transport
89	Ainapkoi Box Culvert (Arokyet)	Arokyet	To improve access and open up new areas	Excavation, Blinding, Steel Fixing, Formwork, Concrete Works and Back Filling	5,467,865.00	6 Months	New	Progress report	County Government of Kericho	New	Department of Public Works Road & Transport Road & Transport
90	Siongi Box Culvert Connecting Arokyet and Sinongi	Siongi	To improve access and open up new areas	Excavation, Blinding, Steel Fixing, Formwork, Concrete Works and Back Filling	8,690,777.00	6 Months	New	Progress report	County Government of Kericho	New	Department of Public Works Road & Transport Road & Transport

91	Kipsonoi Footh Bridge-Pump House		To improve access and open up new areas	Excavation, Blinding, Steel Fixing, Formwork, Concrete Works and Back Filling	6,957,577.00	6 Months	New	Progress report	County Government of Kericho	New	Department of Public Works Road & Transport Road & Transport
92	Upgrading of Nyakeho Footh Bridge to a Modern one		To improve access and open up new areas	Excavation, Blinding, Steel Fixing, Formwork, Concrete Works and Back Filling	7,000,000.00	6 Months	New	Progress report	County Government of Kericho	New	Department of Public Works Road & Transport Road & Transport
93	Bridge at Butiik Market-Kapsinendet Market		To improve access and open up new areas	Excavation, Blinding, Steel Fixing, Formwork, Concrete Works and Back Filling	5,344,224.00	6 Months	New	Progress report	County Government of Kericho	New	Department of Public Works Road & Transport Road & Transport
94	Completion of Kap Zacharia Bridge		To improve access and open up new areas	Excavation, Blinding, Steel Fixing, Formwork, Concrete Works and Back Filling	5,242,453.00	6 Months	New	Progress report	County Government of Kericho	New	Department of Public Works Road & Transport Road & Transport

95	Tuiyobei Footh Bridge at Chemosi River	Kisiara Ward	To improve access and open up new areas	Excavation, Blinding, Steel Fixing, Form Works Concrete works and Back Filling	7,900,000.00	6 Months		Progress report	County Government of Kericho	New	Department of Public Works Road & Transport Road & Transport
96	Construction of a Box Culvert at Chetembe-Kapchelach Road	Kisiara Ward	To improve access and open up new areas	Excavation, Blinding, Steel Fixing, Form Works Concrete works and Back Filling	4,356,789.00	6 Months		Progress report	County Government of Kericho	New	Department of Public Works Road & Transport Road & Transport
97	Nyanderema-Chemogoch-Mabasi Footh Bridge	Kisiara Ward	To improve access and open up new areas	Excavation, Blinding, Steel Fixing, Form Works Concrete works and Back Filling	4,846,790.00	6 Months		Progress report	County Government of Kericho	New	Department of Public Works Road & Transport Road & Transport

98	Chemang'at Bridge	Kisiara Ward	To improve access and open up new areas	Excavation, Blinding, Steel Fixing, Forwm Works Concrete works and Back Filling	5,467,890.00	6 Months		Progress report	County Government of Kericho	New	Department of Public Works Road & Transport Road & Transport
----	-------------------	--------------	---	---	--------------	----------	--	-----------------	------------------------------	-----	--

99	Kap Rambo-Arap Koech Bridge	Kisiara Ward	To improve access and open up new areas	Excavation, Blinding, Steel Fixing, Forwm Works Concrete works and Back Filling	5,389,075.00	6 Months		Progress report	County Government of Kericho	New	Department of Public Works Road & Transport Road & Transport
100	Ketet-Kamaliza Bridge	Kisiara Ward	To improve access and open up new areas	Excavation, Blinding, Steel Fixing, Forwm Works Concrete works and Back Filling	4,324,654.00	6 Months		Progress report	County Government of Kericho	New	Department of Public Works Road & Transport Road & Transport

101	Cheptembe-Reresik Secondary Bridge / Box Culvert	Kisiara Ward	To improve access and open up new areas	Excavation, Blinding, Steel Fixing, Forwm Works Concrete works and Back Filling	5,453,567.00	6 Mont hs		Progress report	County Government of Kericho	New	Departmen t of Public Works Road & Transport Road & Transport
102	Kolonget-Joy Academy Bridge	Litein Ward	To improve access and open up new areas	Excavation, Blinding, Steel Fixing, Forwm Works Concrete works and Back Filling	4,535,335.00	6 Mont hs	New	Progress report	County Government of Kericho	New	Departmen t of Public Works Road & Transport Road & Transport
103	Chepkomon-Koitamat Road	Litein Ward	To improve access and open up new areas	Excavation, Blinding, Steel Fixing, Forwm Works Concrete works and Back Filling	6,442,245.00	6 Mont hs	New	Progress report	County Government of Kericho	New	Departmen t of Public Works Road & Transport Road & Transport

104	Kap Zablon-Panreca Academy	Litein Ward	To improve access and open up new areas	Excavation, Blinding, Steel Fixing, Forwm Works Concrete works and Back Filling	5,535,354.00	6 Mont hs	New	Progress report	County Government of Kericho	New	Departmen t of Public Works Road & Transport Road & Transport
105	Kap Boror-Kap Biasiar Road	Litein Ward	To improve access and open up new areas	Excavation, Blinding, Steel Fixing, Forwm Works Concrete works and Back Filling	5,355,355.00	6 Mont hs	New	Progress report	County Government of Kericho	New	Departmen t of Public Works Road & Transport Road & Transport
106	Chepwenge Footh Bridge	Tebesonik	To improve access and open up new areas	Earthworks, Grading, Gravelling and Culverts Installation	6,500,000.00	6 Mont hs	New	Progress report	County Government of Kericho	New	Departmen t of Public Works Road & Transport Road & Transport
107	Siritiet Bridge at Ainapmainek - Kapchelibet	Tebesonik	To improve access and open up new areas	Earthworks, Grading, Gravelling and Culverts Installation	43,424,466.00	6 Mont hs	New	Progress report	County Government of Kericho	New	Departmen t of Public Works Road & Transport Road & Transport

108	Ainobek-Ngeny Footh Bridge	Tebesonik	To improve access and open up new areas	Earthworks, Grading, Gravelling and Culverts Installation	5,342,242.00	6 Months	New	Progress report	County Government of Kericho	New	Department of Public Works Road & Transport Road & Transport
109	Bridge at Kabusienduk-Sosiot Raod	Tebesonik	To improve access and open up new areas	Earthworks, Grading, Gravelling and Culverts Installation	3,425,224.00	6 Months	New	Progress report	County Government of Kericho	New	Department of Public Works Road & Transport Road & Transport
110	Bridge at Kapmondiot-Kacherobon-Kap Bibey-Off C23 (Roret-Ngoina)Raod	Tebesonik	To improve access and open up new areas	Earthworks, Grading, Gravelling and Culverts Installation	4,879,006.00	6 Months	New	Progress report	County Government of Kericho	New	Department of Public Works Road & Transport Road & Transport
111	Bridge at Kapcherating-Kap Arap Kisachei- Kap Biebey Road	Tebesonik	To improve access and open up new areas	Earthworks, Grading, Gravelling and Culverts Installation	4,974,005.00	6 Months	New	Progress report	County Government of Kericho	New	Department of Public Works Road & Transport Road & Transport

112	Taabok	Tebesonik	To improve access and open up new areas	Earthworks, Grading, Gravelling and Culverts Installation	3,857,577.00	6 Months	New	Progress report	County Government of Kericho	New	Department of Public Works Road & Transport Road & Transport
113	Chepngasiriet Box Culvert	Kaplelartet Ward	To improve access and open up new areas	Excavation, Blinding, Steel Fixing, Concrete works for bed, walling and top slab and back filling	4,678,500.00	6 Months	New	Progress report	County Government of Kericho	New	Department of Public Works Road & Transport Road & Transport
114	Construction of Bridge/Box culvert at Kimwogit river	Kalyongwet	To improve access and open up new areas	Excavation, Blinding, Steel Fixing, Concrete works for bed, walling and top slab and back filling	4,879,500.00	6 Months	New	Progress report	County Government of Kericho	New	Department of Public Works Road & Transport Road & Transport

115	Construction of Bridge/Box culvert at Kaburwet river	Kalyongwet	To improve access and open up new areas	Excavation, Blinding, Steel Fixing, Concrete works for bed, walling and top slab and back filling	3,892,500.00	6 Months	New	Progress report	County Government of Kericho	New	Department of Public Works Road & Transport Road & Transport
116	Construction of Bridge/Box culvert at Tuiyobei river	Kalyongwet	To improve access and open up new areas	Excavation, Blinding, Steel Fixing, Concrete works for bed, walling and top slab and back filling	5,112,500.00	6 Months	New	Progress report	County Government of Kericho	New	Department of Public Works Road & Transport Road & Transport
117	Construction of Karap Bartwol Box Culvert	Sigowet Ward	To improve access and open up new areas	Excavation, Blinding, Steel Fixing, Concrete works for bed, walling and top slab and back filling	5,436,800.00	6 Months	New	Progress report	County Government of Kericho	New	Department of Public Works Road & Transport Road & Transport

118	Chemitei Bridge	Sigowet Ward	To improve access and open up new areas	Excavation, Blinding, Steel Fixing, Concrete works for bed, walling and top slab and back filling	4,879,050.00	6 Months	New	Progress report	County Government of Kericho	New	Department of Public Works Road & Transport Road & Transport
119	Box Culvert at Cheptembe-Mogoiywet River Jordan at River Jordan	Sigowet Ward	To improve access and open up new areas	Excavation, Blinding, Steel Fixing, Concrete works for bed, walling and top slab and back filling	4,235,670.00	6 Months	New	Progress report	County Government of Kericho	New	Department of Public Works Road & Transport Road & Transport
120	Box Culvert at Mindililwet FPPK-Mindililwet AIC Church Road	Sigowet Ward	To improve access and open up new areas	Excavation, Blinding, Steel Fixing, Concrete works for bed, walling and top slab and back filling	5,667,890.00	6 Months	On-going	Progress report	County Government of Kericho	New	Department of Public Works Road & Transport Road & Transport

121	Box Culvert at Changware at Kapindisin Kiptenden Road	Sigowet Ward	To improve access and open up new areas	Excavation, Blinding, Steel Fixing, Concrete works for bed, walling and top slab and back filling	4,812,340.00	6 Months	New	Progress report	County Government of Kericho	New	Department of Public Works Road & Transport Road & Transport
122	Kiptome Bridge	Sigowet Ward	To improve access and open up new areas	Excavation, Blinding, Steel Fixing, Concrete works for bed, walling and top slab and back filling	5,435,600.00	6 Months	New	Progress report	County Government of Kericho	New	Department of Public Works Road & Transport Road & Transport
123	Construction of Box Culvert at Karap Towet-Kipteran Road	Soin Ward	To improve access and open up new areas	Excavation, Blinding, Steel Fixing, Formwork, Concrete Works and Back Filling	3,985,670.00	6 Months	New	Progress report	County Government of Kericho	New	Department of Public Works Road & Transport Road & Transport

124	Construction of Box Culvert at Simbi River	Soin Ward	To improve access and open up new areas	Excavation, Blinding, Steel Fixing, Formwork, Concrete Works and Back Filling	4,578,890.00	6 Months	New	Progress report	County Government of Kericho	New	Department of Public Works Road & Transport Road & Transport
125	Construction of Box Culvert at Seanik River	Soin Ward	To improve access and open up new areas	Excavation, Blinding, Steel Fixing, Formwork, Concrete Works and Back Filling	5,434,579.00	6 Months	New	Progress report	County Government of Kericho	New	Department of Public Works Road & Transport Road & Transport
126	Construction of Box Culvert at FGCK - Kipsitet Pry School Road	Soin	To improve access and open up new areas	Excavation, Blinding, Steel Fixing, Formwork, Concrete Works and Back Filling	4,236,579.00	6 Months	New	Progress report	County Government of Kericho	New	Department of Public Works Road & Transport Road & Transport
127	Construction of Box Culvert at Kibugat-Kapkormom Road	Soin Ward	To improve access and open up new areas	Excavation, Blinding, Steel Fixing, Formwork, Concrete Works and Back Filling	4,456,789.00	6 Months	New	Progress report	County Government of Kericho	New	Department of Public Works Road & Transport Road & Transport

128	Construction of Box Culvert at Chepkendi-Chakoror Road	Soin Ward	To improve access and open up new areas	Excavation, Blinding, Steel Fixing, Formwork, Concrete Works and Back Filling	3,678,990.00	6 Months	New	Progress report	County Government of Kericho	New	Department of Public Works Road & Transport Road & Transport

4.7 WATER, ENERGY, ENVIRONMENT, FORESTRY AND NATURAL RESOURCES

S / No	Project Name	Project Location	Project Objectives	Description of Activities	Annual Targets	Estimated Projects Cost(Kshs)	Time frame	Monitoring Indicators	Monitoring Tools	Source of funds	Implementing Agency
WATER AND ENERGY											
1	Timbilil water project Water supply Project	Kunyak	Enhance water supply services	Rehabilitation of intake works and Main Gravity pipeline; Construction of a distribution pipeline 3km, installation of plastic tanks and fencing, Provision and installation of Chlorine dosing equipment	1No. Intake, Pipelines, uPVC Tanks, Fence, 1 No. Dosing equipment	8,000,000	2024/2025	Existence of infrastructure, Availability of Potable Water near in homesteads	Designs reports, drawings, Tender documents, site visits and supervision reports, inspection and acceptance reports, certificates	CGK	WEEFNR
2	Lelsotet(Masaita) water project		Enhance water supply services	Rehabilitation of Intake works Completion of gravity main. Construction of a 100m3 masonry storage tank. Construction of Distribution pipeline	1No. Intake, Pipelines, 1 No. Masonry Tank,	3,500,000	2024/2025	Existence of infrastructure, Availability of Water near homesteads	Designs reports, drawings, Tender documents, site visits and supervision reports, inspection and acceptance reports, certificates	CGK	CGK
3	Ndhiwa water project	Kedowa /Kimugul	Improve access to safe water	Hydrogeological Survey. Establishment of borehole	1 No HGI Report, 1 No. Borehole, Storage Tanks ,	5,000,000	2024/2024	Existence of infrastructure, Availability of Water in Kiosks	Borehole Completion reports, drawings, Tender documents, site visits and supervision	CGK	CGK

					Pipes, Water Kiosks				reports, inspection and acceptance reports, Test Pumping Report, Certificates		
4	Ewat Dam	Kedowa /Kimugul	increase water storage	Pan Construction	I No. Pan, I No water quality Report	3,000, 000	2024/20 25	Existence of infrastructure, Availability of Water in the pan	Designs reports, drawings,Tender documents, site visits and supervision reports, inspection and acceptance reports, certificates	CGK	CGK
5	Ndonyom are water project	Soin	Enhance access to water and basic sanitation services	Drilling and equipping of new borehole;Construction of masonry tank for storage;Distribution and supply	I No HGI Report, I No. Borehole, Test Pumping report	2,000, 000	2024/20 24	Existence of infrastructure,	Borehole Completion reports, drawings,Tender documents, site visits and supervision reports, inspection and acceptance reports, Certificates	CGK	CGK
6	Kaptalam wa water project	Soin	Enhance access to water and basic sanitation services	Extension of distribution pipeline	Pipelines	3,000, 000	2024/20 25	Existence of infrastructure, Availability of Potable Water near in homesteads	Designs reports, drawings,Tender documents, site visits and supervision reports, inspection and acceptance reports, certificates	CGK	CGK
7	Nyaberi water project	Soin	Enhance access to water	Drilling and equipping of Borehole Equipping and installation of solar system.	I No HGI Report, I No. Borehole, Test	2,000, 000	2024/20 24	Existence of infrastructure, Availability of Potable	Designs reports, drawings,Tender documents, site visits and supervision	CGK	CGK

			and basic sanitation services	Construction of masonry tank for storage Distribution pipeline & water points	Pumping report			Water in water points	reports, inspection and acceptance reports, certificates		
8	Kapkongoni water project	Soin	Enhance access to water and basic sanitation services	Piping and distribution of water	Pipelines	3,000,000	2024/2025	Existence of infrastructure, Availability of Potable Water near in homesteads	Designs reports, drawings, Tender documents, site visits and supervision reports, inspection and acceptance reports, certificates	CGK	CGK
9	Chesilyot water project	Londiani	Improve access to safe water	Distribution of water to kapchepkoga, kipsirichet and Jagoror centre from already existing 2 boreholes.	Pipelines	3,000,000	2024/2024	Existence of infrastructure, Availability of Potable Water near in homesteads	Designs reports, drawings, Tender documents, site visits and supervision reports, inspection and acceptance reports, certificates	CGK	CGK
10	Katet borehole	Londiani	Improve access to safe water	Water distribution & storage tank	Pipelines, Storage tanks	3,000,000	2024/2025	Existence of infrastructure, Availability of Potable Water near in homesteads	Designs reports, drawings, Tender documents, site visits and supervision reports, inspection and acceptance reports, certificates	CGK	CGK
11	Chekoiyo dam	Londiani	increase water storage	Rehabilitation & desilting	I No. Pan, I No water quality Report	4,000,000	2024/2024	Existence of infrastructure, Availability of Water in the pan	Designs reports, drawings, Tender documents, site visits and supervision reports, inspection	CGK	CGK

									and acceptance reports, certificates		
1 2	Chebota wa water project	Chemosot	Conserve and protect water source	Construction of spring, construction of masonry tank, fencing, solar installation and distribution network.	1 No Spring Protected, masonry tank solar panels and pipelines	5,000,000	2024/2025	Existence of infrastructure, Availability of Potable Water near in homesteads	Designs reports, drawings, Tender documents, site visits and supervision reports, inspection and acceptance reports, certificates	CGK	CGK
1 3	Construction of water Tank Reservoir at Kabitungu Primary School	Chemosot	Enhance access to water and basic sanitation services	Construction of water Tank Reservoir at Kabitungu Primary School	1 masonry water tank	1,500,000	2024/2024	Existence of infrastructure, Availability of Water near in homesteads and in school	Designs reports, drawings, Tender documents, site visits and supervision reports, inspection and acceptance reports, certificates	CGK	CGK
1 4	Drilling of Borehole at Kabarteg an Primary School	Chemosot	Enhance water supply services	Borehole drilling and equipping, solar installation, construction of elevated tank, supply and distribution pipeline.	1 No HGI Report, 1 No. Borehole, pumpset, solar panels, Storage Tanks, Pipes, Water Kiosks	5,000,000	2024/2025	Existence of infrastructure, Availability of Potable Water in water points	Designs reports, drawings, Tender documents, site visits and supervision reports, inspection and acceptance reports, certificates	CGK	CGK
1 5	Terta, Cheboke ny, Kipkerien y and Chepchiri	Chemosot	Conserve and protect water source	Construction of spring	1 No Spring Protected	2,000,000	2024/2024	Existence of infrastructure, Availability of Potable Water from	Designs reports, drawings, Tender documents, site visits and supervision reports, inspection	CGK	CGK

	k water project							the spring	and acceptance reoprts, certificates		
16	kipkosombe, kipsululut, Kapteben gwet, bosara, ararwet	Kapkat et	Enhance water supply services	Construction of springs, masonry tank, rising main, distribution pipeline, solarisation and fencing	1 No Spring Protected, masonry tank solar panels and pipelines, fence	5,000,000	2024/2025	Existence of infrastructure, Availability of Potable Water in water points	Designs reports, drawings, Tender documents, site visits and supervision reports, inspection and acceptance reoprts, certificates	CGK	CGK
17	Nganaset, tulwet, koitabei, cheptangulgei.	Kapkat et	Enhance water supply services	Construction of springs, masonry tank, distribution pipeline, solarisation and fencing	1 No Spring Protected, masonry tank solar panels and pipelines, fence	5,000,000	2024/2024	Existence of infrastructure, Availability of Potable Water in water points	Designs reports, drawings, Tender documents, site visits and supervision reports, inspection and acceptance reoprts, certificates	CGK	CGK
18	Kibwastuiyo/Kipsonoi/Nyan geito water projects	Cheplangnet	Enhance water supply services	Construction of branched pumping main to kapsisiywo water tank, Construction of 50M3, 200M3 water tanks at Kesembe, Construction of treatment works, solarization, Construction of distribution pipelines	2 masonry tanks, 1 treatment works, solar panels and pipelines	10,000,000	2024/2025	Existence of infrastructure, Availability of Potable Water in water points	Designs reports, drawings, Tender documents, site visits and supervision reports, inspection and acceptance reoprts, certificates	CGK	CGK
19	Kesaile water project	Cheplangnet	Enhance water supply services	Construction of intake, hydram and pipelines	1 intake works, 1 hydram, pipelines	6,000,000	2024/2024	Existence of infrastructure, Availability of Water in water points	Designs reports, drawings, Tender documents, site visits and supervision reports, inspection	CGK	CGK

									and acceptance reports, certificates		
20	Proposed Rehabilitation and construction of Kimologit water project	Kamasi an	Enhance water supply services	Construction of distribution network Construction of Water Kiosks at Kapkwen, TingaTela, Mutai, LandMawe, Chepsain	pipelines, water kiosks	5,000,000	2024/2025	Existence of infrastructure, Availability of potable Water in water kiosks	Designs reports, drawings,Tender documents, site visits and supervision reports, inspection and acceptance reports, certificates	CGK	CGK
21	Tachasis Water supply Project	Kamasi an (Kamasian Location)	Enhance water supply services	Provision of chlorine dosing plant, Expansion and fencing of source fencing, and distribution network expansion.	1 Dosing unit, fence, 1 intake works,pipelines	3,000,000	2024/2024	Existence of infrastructure, Availability of potable Water in water points	Designs reports, drawings,Tender documents, site visits and supervision reports, inspection and acceptance reports, certificates	CGK	CGK
22	Fort Tenan Health Centre water Project	Chilchila	Enhance water supply services	Rehabilitation of intake works; completion of Treatment works, main gravity line and distribution network	1 intake works, 1 treatment works, pipelines	15,000,000	2024/2025	Existence of infrastructure, Availability of potable Water in water points	Designs reports, drawings,Tender documents, site visits and supervision reports, inspection and acceptance reports, certificates	CGK	CGK
23	Magire Water Project	Chilchila	Enhance water supply services	Construction of masonry tanks and distribution pipeline extensions	Storage tanks, pipelines	6,000,000	2024/2024	Existence of infrastructure, Availability of Water in water points	Designs reports, drawings,Tender documents, site visits and supervision reports, inspection and acceptance reports, certificates	CGK	CGK
24	Kichwari, leberer, sosiot,	Chepson	Enhance water supply	Spring protection	5springs protected	2,000,000	2024/2025	Existence of infrastructure,	Designs reports, drawings,Tender documents, site	CGK	CGK

	tugunon and kapkotungor spring		services					Availability of Water from the water point	visits and supervision reports, inspection and acceptance reports, certificates		
25	Tembwet spring	Chepson	Enhance water supply services	Spring protection, construction of spring box & piping	1 spring protected, pipelines	1,000,000	2024/2024	Existence of infrastructure, Availability of Water from the water point	Designs reports, drawings, Tender documents, site visits and supervision reports, inspection and acceptance reports, certificates	CGK	CGK
26	Complex and Sabunit	Chepson	increase water storage	Expansion of the pans and construction of pipeline distribution construction treatment plant	2 pan expanded, pipelines, 2 treatment works	6,000,000	2024/2025	Existence of infrastructure, Availability of potable Water from the water points	Designs reports, drawings, Tender documents, site visits and supervision reports, inspection and acceptance reports, certificates	CGK	CGK
27	Roret monoru Water Project	Kisiara	Enhance water supply services	Construction of springs, storage tanks construction of distribution pipeline, rising main and fencing.	1spring protected, storage tanks, pipelines and fence	5,000,000	2024/2024	Existence of infrastructure, Availability of potable Water from the water points	Designs reports, drawings, Tender documents, site visits and supervision reports, inspection and acceptance reports, certificates	CGK	CGK
28	Keregut water Project	Kisiara	Enhance water supply services	Construction of springs, storage tanks, distribution pipeline and fencing.	1spring protected, storage tanks, pipelines and fence	5,000,000	2024/2025	Existence of infrastructure, Availability of potable Water from the water points	Designs reports, drawings, Tender documents, site visits and supervision reports, inspection and acceptance reports, certificates	CGK	CGK
2	Chemose	Seretut	Enhance	Construction of a	1 storage	3,000,	2024/20	Existence of	Designs reports,	CGK	CGK

9	t Water Project	/ Cheptorriet	e water supply services	25m3 storage masonry tank and distribution pipeline	tank , pipeline	000	24	infrastructure, Availability of Water from the water points	drawings,Tender documents, site visits and supervision reports, inspection and acceptance reports, certificates		
30	Springs(Kiptule,Chepkoton, Masiat)	Seretut / Cheptorriet	Enhance water supply services	Spring Rehabilitation	3 spring protected	1,000,000	2024/2025	Existence of infrastructure, Availability of potable Water from the water points	Designs reports, drawings,Tender documents, site visits and supervision reports, inspection and acceptance reports, certificates	CGK	CGK
31	Chebungun Water Project	Seretut / Cheptorriet	Enhance water supply services	Construction of intake works, distribution pipeline and main pipeline	1 intake works, pipeline	5,000,000	2024/2024	Existence of infrastructure, Availability of Water from the water points	Designs reports, drawings,Tender documents, site visits and supervision reports, inspection and acceptance reports, certificates	CGK	CGK
32	Matobo Primary School	Kipchebor	Enhance rainwater harvesting	Provision of uPVC water tanks, rainwater harvesting equipment and water points	uPVC Tanks, gutters and related accessories , water points	1,000,000	2024/2025	Existence of infrastructure, Availability of Water from the water points	Designs reports, drawings,Tender documents, site visits and supervision reports, inspection and acceptance reports, certificates	CGK	CGK
33	Chesanga/ Kimibei water project	Kipchebor	Enhance water supply services	Rehabilitation of Spring protection at Chepkitach, Construction of a clear water sump, installation of a solarized pump,	1 spring protected, 1 clear water sump, pumpset,solar	7,000,000	2024/2024	Existence of infrastructure, Availability of potable Water from the water	Designs reports, drawings,Tender documents, site visits and supervision reports, inspection and acceptance	CGK	CGK

				construction of pump house, rising main, storage tank and distribution pipelines	panels, pump house pipelines, storage tanks			points	reports, certificates		
34	Reticulation of KEWASCO water supply in Matobo-Satellite-Mlimani	Kipchebor	Enhance water supply	Construction of distribution pipeline	pipelines	3,000,000	2024/2025	Existence of infrastructure, Availability of potable Water in homesteads	Designs reports, drawings, Tender documents, site visits and supervision reports, inspection and acceptance reports, certificates	CGK	CGK
35	Expansion of water supply by KEWASCO in Kapkugurwet Ward	Kapkugurwet	Enhance water supply services	Construction of distribution pipeline	pipelines	1,500,000	2024/2024	Existence of infrastructure, Availability of potable Water in homesteads	Designs reports, drawings, Tender documents, site visits and supervision reports, inspection and acceptance reports, certificates	CGK	CGK
36	Chemusu Primary School Water Project	Kapkugurwet	Enhance water supply services	Provision of 10m3 UPVC tank, rain water harvesting equipment and communal water points	uPVC Tanks, gutters and related accessories, water points	2,000,000	2024/2025	Existence of infrastructure, Availability of Water from the water points	Designs reports, drawings, Tender documents, site visits and supervision reports, inspection and acceptance reports, certificates	CGK	CGK
37	Ongoing Water Projects in Kapkugurwet	Kapkugurwet	Enhance water supply services	Rehabilitation of spring protection, Construction of a clear water sump, installation of a solarized pump, rising main, storage tank and distribution	2 spring protected, 2 clear water sump, pumpset, solar panels, pump house	8,000,000	2024/2024	Existence of infrastructure, Availability of potable Water from the water points	Designs reports, drawings, Tender documents, site visits and supervision reports, inspection and acceptance reports, certificates	CGK	CGK

SOLID WASTE MANGEMENT

S/No	Project Name	Project Location	Project Objectives	Description of Activities	Annual Targets	Estimated Projects Cost(Kshs)	Time frame	Monitoring Indicators	Monitoring Tools	Source of funds	Implementing Agency
1.	County Sustainable waste management policy and legislation	County wide	To enhance governance, planning and coordination on solid waste management in the county	Customize the national sustainable waste management policy and legislation model for counties -conduct stakeholders workshops	1	10,000,000	July 2024-June 2025	No. of policies documents in place	Progress reports	CGK	DWEE F&NR
2.	County Waste Recovery Facility	Kericho Town	To improve waste management and achieve circular economy	Identify and convert existing dumpsites into waste recovery facility	1	20,000,000	July 2024-June 2025	Number of MRFs in place	Progress reports	CGK	DWEE F&NR
3.	County Waste Disposal Sites	Kericho Town & Londiani Town	To improve solid waste management infrastructures	Rehabilitate the existing waste disposal sites in the county	2	10,000,000	July 2024-June 2025	Number of Waste disposal sites rehabilitated	Progress reports	CGK	DWEE F & NR

4.	Solid waste collection and disposal	County wide	To ensure clean and healthy environment	Community-wide collection, transport, and disposal of solid waste	12	30,000,000	July 2024-June 2025	No. of waste collection point No. of complaints recorded	Sub-county Progress reports	CGK	DWEE F & NR
5.	Waste management co-operatives	County wide	To Promote community involvement in waste management	Hosting community meetings Facilitating workshops	1	5,000,000	July 2024-June 2025	No. of co-operatives registered	Progress reports	CGK	DWEE F & NR
ENVIRONMENTAL CONSERVATION AND PROTECTION											
6.	County Environmental Compliance	County wide	To promote awareness creation on environmental conservation and cleanliness	Creating awareness about environmental conservation and cleanliness Conducting educational seminars, workshops and campaigns,	12	600,000	July 2024-June 2025	No. of awareness campaigns & meetings conducted	Progress reports	CGK	DWEE F & NR

			To acquire noise and air quality meters	Installation of these meters and monitoring equipment in designated locations Assessment and dissemination of data collected from these meters	4	1,000,000	July 2024-June 2025	No. of equipment Procured	Progress report	CGK	DWEE F & NR
7.	Beautification and greening of towns	County wide	To improve aesthetic and town beauty	Planting trees and flowers Landscaping	2	1,000,000	July 2024-June 2025	No. of roundabouts and open spaces beautified	Progress report	CGK	DWEE F & NR
8.	Protection and conservation of wetlands and watersheds	County wide	To enhance water quality and supply	Identify wetlands and watersheds, develop and implement conservation plans Support and promote greening initiative Promote education and awareness campaigns Monitoring wetlands and watershed in the county	13	7,000,000	July 2024-June 2025	No. of conserved water sources and wetland	Progress report	CGK	DWEE F & NR
9.	Environment	County wide	To Improve staff	Training and gazettement of environment	6	7,000,000	July 2024-June	Number of staff	Progress report	CGK	DWEE F &

	Inspectors training and Gazette ment		capacity and skills	inspectors			2025	trained Number of trainings conducted			NR
PROMOTION OF FORESTRY CONSERVATION AND PROTECTION											
10.	Tree Planting		To enhance tree cover	Production and distribution of tree seedlings	500,000	7,500,000	July 2024-June 2025	No. of tree seedlings produced and distributed	Progress report	CGK	DWEE F & NR
11.	County tree nurseries		To enhance tree cover by increasing seedling supply	Identifying suitable sites and establishes tree nursery	2	1,000,000	July 2024-June 2025	No. tree nurseries established	Progress report	CGK	DWEE F & NR
12.	Community tree nurseries	County wide	To empower community on Agroforestry and promote income generation	Providing knowledge of tree nurseries and agroforestry techniques Organize community outreach and capacity building among farmers	5	2,500,000	July 2024-June 2025	No. of tree nursery established	Progress report	CGK	DWEE F & NR
13.	School greening	County wide	To promote	Establishing green spaces on school	30	2,000,000	July 2024-June	No of schools	Progress report	CGK	DWEE F &

			forest cover and environmental conservation	grounds Supporting school-based environmental clubs			2025	supported for the school greening activities			NR
14.	Forest extension services/Capacity building	County wide	To promote Agro-Forestry activities	Organize community outreach and capacity building among farmers	3000	1,500,000	July 2024-June 2025	Number of farmers trained on agroforestry programs	Progress report	CGK	DWEE F & NR
15. CLIMATE CHANGE											
16.	Bankable Climate Change Action	County wide	To build Resilience against climate change vulnerability shocks in key sectors	Encourage private sector investment in climate change projects Mobilize international finance mechanisms and guides for implementation of local adaptation recommendations	12	175,000,000	July 2024-June 2025	No. of projects implemented to mainstream climate actions	Progress report	International Funding, World Bank, Private sector CGK	DWEE F & NR
17.	Review of prepared Policy documents	County wide	To enhance implementation	Reviewing prepared documents by local authorities, NGOs, or other entities	1	3,000,000	July 2024-June 2025	No. of policy documents prepared	Progress reports	CGK	DWEE F & NR

	on climate change action		n of projects					and reviewed			
18.	Capacity building of CCCU staff and ward committees	County wide	To enhance skills for the CCCU and ward climate change committees on climate change	Hold a series of trainings in each ward across the county Conduct training and capacity building among CCCU staff and ward committees	12	3,000,00 0	July 2024- June 2025	No of CCCU staff trained	Progres s reports	CGK	DWEE F & NR
19.	Public sensitizatio n on climate change	County wide	To build capacity of the public on climate change	Conducting awareness campaign, public discussions and seminars on climate change.	6	2,400,00 0	July 2024- June 2025	No of public sensitizatio n forums held	Progres s reports	CGK	DWEE F & NR
MINERAL RESOURCE MANAGEMENT											
20.	Mineral resource mapping	County wide	To increase information on minerals	Collect data on geology, ore, deposits, and other geological features in the county	1	15,000,0 00	July 2024- June 2025	Availability of Mineral resource mapping	Progres s report	CGK	DWEE F & NR

								docs			
21.	Small-scale and artisanal miners empowerment	County wide	To enhanced social welfare of the communities	Value addition support Establishing local partnerships to strengthen the existing support system for artisanal and small-scale miners.	3	1,500,000	July 2024-June 2025	Number of registered groups trained	Progress reports	CGK	DWEE F & NR
	Mine and quarry sites decommissioning and restoration	County wide	To increasing compliance to mining & environmental legislations	Enhancing existing health and safety protocols	10	5,000,000	July 2024-June 2025	No. Of abandoned and borrow pits rehabilitated	Progress reports	CGK	DWEE F & NR
				Promotion of compliance on mining and environmental legislations	10	5,000,000	July 2024-June 2025	No. Of abandoned mining or pits complying with regulations	Progress reports	CGK	DWEE F & NR
Sub- Total Environment , Natural Resources and Climate						316,000,000					
TOTAL WATER, ENERGY, ENVIRONMENT, FORESTRY AND NATURAL RESOURCES ADP 2024-2025											

4.8 DEPARTMENT OF TRADE, INDUSTRIALIZATION, INNOVATION, TOURISM & WILDLIFE

S/No	Project Name	Project Location	Project Objectives	Description of Activities	Annual Targets	Estimated Project Cost(K shs)	Time frame	Monitoring Indicators	Monitoring Tools	Source of funds	Implementing Agency
1.	Enterprise Fund	County wide	To provide affordable credit facilities to MSMEs	Application Vetting Disbursement Recovery		15,000,00	1 yr	-Amount disbursed -No. of beneficiaries	M/E Reports	CGK	TITW
2.	Tuiyo Market	Kipkelion West, Kunyak Ward	To provide a conducive business environment	Completion of existing shade and construction of 15 market stalls		3,803,511	1 yr	-Completed shade -No. of stalls constructed	M/E reports Site Meetings Inspection reports	CGK	TITW
3.	Sosiot Market	Belgut, Waldai Ward	To provide a conducive business environment	Construction of 20 markets stalls		5,000,000	1 yr	-No. of stalls constructed	M/E reports Site Meetings Inspection reports	CGK	TITW
4.	Butiik Market	Bureti, Cheplanget Ward	To provide a conducive business environment	Construction of a 6-door exhaustible toilet block		2,000,000	1 yr	-Toilet block constructed	M/E reports Site Meetings Inspection reports	CGK	TITW
5.	Londiani town, Jivanjee	Kipkelion East, Londiani Ward	To provide a conducive business	Construction of a 6-door		2,000,000	1 yr	-Toilet block constructed	M/E reports	CGK	TITW

	A		environmen t	exhaustible toilet block				d	Site Meetings Inspection reports		
6.	Weights and Measure s Verificat ion Equipm ent	County HQs	To facilitate verification of traders weighing & measuring equipment	Purchase of various verification equipment		5,000, 000	1 yr	- Verification Equipment acquired	Equipment register	CGK	TITW
7.	County Aggregat ion and Industri al Park (CAIP)	Soin-Sigowet, Soliat Ward	To facilitate value addition of local produce and safeguard against post-harvest losses	Constructi on of industrial parks and aggregation s centres		119,5 31,47 7	1 yr	Aggregatio n centres and Industrial Park constructe d	M/E reports Site Meetings Inspection reports	CGK/N G	TITW
8.	Tourism promoti on and events	-Agri-tourism -Sports tourism -cultural tourism	To promote the growth of local tourism	Build view points Marathon, cycling, walking Exhibition of Kipsigis culture		5,000, 000	1 yr	No. of tourism events promoted	Reports	CGK	TITW
9.	Tourism Sites publicity and	Baggao caves Reresik caves Kapkatet Museum	To promote and market tourism sites in the	Billboards Signages Access		5,000, 000	1 yr	No. of tourism sites branded	Reports	CGK	TITW

	signages	Equator Crossing Jericho View point (Tea estate)	County To improve livelihoods	roads							
Total department cost of ADP 2024/2025						162,334,988					

4.9 DEPARTMENT OF LAND, HOUSING AND PHYSICAL PLANNING
